## I. GOVERNANCE STRUCTURE

The Board of Police Commissioners (the Board), a governmental unit pursuant to Chapter 84 of the revised statutes of the State of Missouri (RSMo), administers the Kansas City, Missouri Police Department (the Department or KCPD). Statutes provide the Board with exclusive management and control to operate the police force as an independent entity within the City of Kansas City, Missouri (the City). The City is required to provide annual appropriations to the Board for this purpose.

The Governor appoints and the Missouri Senate approves four Commissioners from the local community who, along with the Mayor of Kansas City, comprise the Board. The Board determines policy and provides oversight with input from the Chief of Police, who is responsible for managing the Department. The Chief of Police has organized the Department into bureaus and appointed commanders thereto who make day-to-day operational decisions. Each bureau's functions are more fully described elsewhere in this document.

## II. BUDGET OVERVIEW

The budget begins May 1, 2018. The total appropriated budget is $\$ 248,108,865$. Last year's budget was $\$ 243,014,663$. Accompanying this document are explanative letters from the Chief of Police dated October 3, 2017, and Deputy Chief of the Executive Services Bureau dated April 2, 2018, and details of all budgeted items. The main changes in FY 2018-19 funding are shown in Table 1.

## III. GENERAL FUND STAFFING

The amount of appropriations provided for General Fund operations includes the addition of 15 civilian dispatchers, 10 civilian downtown parking control officers, 9 police officers, and matching funds for 15 additional officers through the Federal COPS Hiring Program 2017 grant.

## IV. CHARACTER OF FUNDING

## PERSONNEL

Personnel costs include all personal services plus benefits such as workers' compensation and life insurance in contractual services. Personnel costs in relation to all Department appropriations are $87.6 \%$ or $\$ 217,434,659$, an increase of $\$ 7,888,559$. The following highlight FY 2018-19 personnel matters and Table 1 above provides cost information.

- Pay step increases will be earned on the members' anniversary date. Additionally, sworn members in the rank of Police Officer or Detective, not at top step, with serial numbers 5391 to 5774 may qualify for a pay step increase for the pay period beginning on April 22, 2018.
- Increase in staff of 25 Civilian and 24 Law Enforcement.
- Health insurance premiums increase by $3.60 \%$.

## NON-PERSONNEL

Non-personnel items represent $\$ 30,674,206$ or $12.4 \%$ of funding for FY 2018-19, compared to $\$ 33,468,563$ for FY 2017-18. To simplify the presentation, non-personnel items have been grouped into the following categories:

Public Safety Sales Tax Fund - The $1 / 4$ cent sales tax for public safety capital improvements decreased to $\$ 1,700,000$, which represents $0.7 \%$ of all Department appropriations. The City issued bonds in previous years to provide for equipping Department buildings scheduled to undergo construction. Three funds, 2012A GO Bond Fund 3398, 2013B Special Obligation Bond Fund 3431, and 2016A Tax-Exempt Bond Fund 3433 continue automatically from year to year. Since the funds are continuing in nature, they are not included in the annual budget process.

Paid to City - The Department self-funds grants and other activities totaling \$9,752,131 or $3.9 \%$ of appropriations. This is reimbursed to the City, which treats the reimbursements as revenue, and in turn provides the Department appropriations in the same amount.

Other Activities - Another \$19,222,075 or 7.8\% of total appropriations support the day-to-day operations of the Department. This includes an increase of $\$ 70,000$ in order to fund an increase in Homicide tips hotline rewards from $\$ 2,000$ to $\$ 5,000$. The Department will contract with a social services coordinator and six social workers with $\$ 150,000$ of City funds and an additional $\$ 238,666$ of donated funds. Additional items included in other activities are risk management, utilities, telephones, data transmission, vehicle and helicopter operations, and rent of equipment, software, and covert locations.

The summaries along with the accompanying documents should assist the reader in understanding the Department's budget for FY 2018-19.

TO: $\quad$ Members of the Board of Police Commissioners Kansas City, Missouri Police Department<br>FROM: Deputy Chief Roger A. Lewis, Commander, Executive Services Bureau<br>SUBJECT: Current Status of FY 2018-19 Budget

The Board of Police Commissioners will formally adopt the FY 2018-19 budget at your April 10, 2018 meeting. As preparation for budget adoption, I am providing the following information and attached Schedules to help summarize the current status of the FY 2018-19 budget and what has changed since it was presented to you last fall.

Schedules 1-3 accompanying this memorandum are similar to ones previously provided to the Board. A column titled "Appropriated 2018-19" has been added to reflect the amounts to be adopted. The following highlight changes in Schedules $1-3$ between what was "Appropriated" by the City Council and what was "Requested" by the Department last fall.

## SCHEDULE 1

Schedule 1 attached hereto reflects all Police Department revenues and appropriations. Appropriations total $\mathbf{\$ 2 4 8 , 1 0 8 , 8 6 5}$ for FY 2018-19 compared to $\$ 243,014,663$ for FY 2017-18, an overall increase of $\$ 5,094,202$. The Requested budget anticipated appropriations would increase $\$ 8,864,384$, but the Appropriated budget is $\$ 3,770,182$ less than this. The following provides broad categories of what changes were made to Requested revenues and appropriations:

## SCHEDULE 2

Schedule 2 attached hereto focuses on revenues and appropriations provided by the City. The City Council appropriated a total of $\$ 233,708,845$ to the Board compared to $\$ 228,570,367$ for FY 2017-18, an increase of $\$ 5,138,478$. However, the Requested budget anticipated an increase of $\$ 9,335,326$, which means the appropriated amount is $\$ 4,196,848$ less than what the Department requested. (Revenues always match appropriations in City funds, so changes in appropriations explain changes to revenues.) Salaries were reduced from the requested budget which will affect pay increases for those at top. The Department requested thirty additional officers and twenty-one additional dispatchers in separate decision packages which were outside of the budget request. These decision packages were partially funded; salary has been increased to fund nine additional officers and fifteen additional dispatchers. Through the COPS Hiring Program 2017 grant fifteen officers are being added through federal funding with City matching funds. Pension is less than originally requested, risk management is more than originally requested, and efficiencies were assessed for building operations due to the City taking over new building utilities and other building operations expenses. Funding is being increased to increase Homicide tips hotline rewards from $\$ 2,000$ to $\$ 5,000$. Funding for ten civilians and equipment is being added for Downtown Parking Control. A social services coordinator and six social workers were added with $\$ 150,000$ of City funds and additional donated funds. There is a reduction of $\$ 2,450,978$ in contractual services due to the formation of OnelT with the City. These funds will be pooled with City funds for payment of Information Technology services. There is a reduction of $\$ 500,000$ in funding used to equip vehicles. The additional $\$ 300,000$ requested to purchase vehicles is not being provided. Total changes to the Requested budget are broken down by broad category by fund as follows:

## SCHEDULE 3

Schedule 3 attached hereto reflects FY 2018-19 Treasurer's Account revenues of $\$ 13,748,305$ as well as appropriations of $\$ 14,400,020,68 \%$ of which is remitted to the City. There is an increase in revenue estimates to account for the revenue associated with COPS Hiring Program 2017 grant. Revenue and expenditures were increased to account for the social services coordinator and social workers matching funds totaling $\$ 238,666$ provided through the Police Foundation from the Hall Family Foundation. ## CONCLUDING REMARKS

The General Fund provides most of the appropriations to operate the Police Department, and these appropriations increase by $\$ 5.3$ million compared to the FY 2017-18 Adopted budget. Funding will provide for anniversary step increases and a catchup step for a select number of law enforcement. Nine additional officers and fifteen additional dispatchers were added. Through the COPS Hiring Program 2017 grant, an additional fifteen officers are being added through federal funding with City matching funds. Ten additional positions within Downtown

Parking Control were added. These staffing increases total an additional twenty-four law enforcement and twenty-five civilian positions.

The Board is required to adopt a budget on or before May 1 of each year. A formal budget adoption document will be provided for the April 10, 2018 Board meeting. The FY 201819 Appropriated budget from all sources will be $\$ 248,108,865$ as shown on Schedule 1 attached hereto.

SUBJECT: Requested Budget for Fiscal Year 2018-19
As required by Section 84.500 of the Revised Statutes of Missouri (RSMo), accompanying this transmittal letter is a report on the financial requirements of the Kansas City, Missouri Police Department (the Department) for the fiscal year (FY) beginning May 1, 2018. RSMo Section 84.730 requires the Board of Police Commissioners (the Board) submit to the City of Kansas City, Missouri (the City) a budget estimating the sum of money necessary next fiscal year to enable the Board to discharge the duties imposed upon it by RSMo Chapter 84 and to meet the expenses of the Department. The accompanying financial requirements provide the Board the documentation necessary to submit its budget to the City.

## I. BUDGET OVERVIEW

My goals as police chief are to set employees up for success, reduce crime and address neighborhood concerns while building effective and efficient partnerships. The Department will work towards attaining these goals by operating in a structurally balanced budget with requested increases comparable to other public safety.

Overall, the Department's budget has increased 3.6\% since last year.
Pensions and health insurance now represent $26 \%$ of the budget compared to $27 \%$ previously.

## II. GENERAL FUND

The General Fund requested budget for FY 2018-19 is $\mathbf{\$ 2 2 3 , 3 7 9}, 980$ as detailed in Schedule 8. This is an increase of $\$ 9,300,814$ from last year.

- Salary raises will be awarded at the beginning of the fiscal year. A catchup step for a select number of law enforcement in order to provide parity with other public safety. This catchup step will rectify the disparity in equal pay. Law enforcement and civilian at top will receive $2.5 \%$ at the beginning of the fiscal year, those not at top will receive one step on the member's anniversary date. The cost for these raises plus changes to overtime and salary savings is $\$ 8,436,778$. This amount includes $\$ 3,143,748$ representing the additional cost related to raises for FY 2017-18.

Kansas City Police Department
Requested Budget for Fiscal Year 2018-19
Page 2 of 5

- Health Insurance premiums are estimated to increase $5.0 \%$ or $\$ 1,188,592$.
- Pensions ARC (annual required contributions) decreased $\$ 96,801$.
- Non-Personnel related items increase by $4.52 \%$. Some contractual services that typically have a budgeted funding gap from year to year have been budgeted at their true cost in order to accurately reflect the funding required to operate. This was done in anticipation of Information Technology consolidation with the City. This has caused nonpersonnel to increase $\$ 411,680$ more than it typically would. If a funding gap would have been reflected non-personnel related items would be at less than $2 \%$ increase.

## III. DECISION PACKAGE

I am including four Decision Packages for this year's budget. I am seeking funding to increase civilian dispatcher staffing. As the recent staffing study has recommended, and I agree, additional officers are needed in patrol divisions. In order to accomplish this I am seeking funding to civilianize some law enforcement positions as well as increase law enforcement staffing.

- Civilian Dispatcher Staffing Decision Package - This decision package was submitted last year and the need was affirmed this year by Matrix Consulting's staffing study. The department is in need of additional dispatchers to handle the call volume and provide current staff relief. Based on recommendations from national public safety telecommunications organizations, I am requesting 21 civilians. This request for 21 civilians will put the city more in line with comparable cities but we will still remain on the high side in number of calls recommended per dispatcher. The first year cost of a civilian is $\$ 51,000$. An increase in the General Fund requested budget by $\$ 1,071,000$ would be needed in order to fund the additional 21 positions.
- Additional Officers- Additional officers assigned to patrol divisions need to be deployed. This decision package would provide funding to deploy 30 additional officers. As the recent staffing study has recommended, and I agree, there is an immediate need for additional officers in the patrol divisions. From a practical standpoint all of these positions may not be filled until mid-year. Funding is being requested based on midyear employment. An increase in the General Fund requested budget by $\$ 720,000$ would be needed in order to fund the additional 30 positions.
- Civilianize Law Enforcement Research Center (LERC) Analyst Positions Currently law enforcement officers work beside civilian analysts performing essentially the same duties. As recommended by Matrix Consulting, this request would civilianize 4 real time analyst positions within LERC allowing 4 law enforcement officers to be deployed elsewhere. An increase in the General Fund requested budget by $\$ 192,668$ would be needed in order to fund 4 additional civilian positions.

- Civilianize No Violence Alliance (NoVA) Analyst Positions - Currently Law Enforcement Officers work beside civilian analysts performing essentially the same duties. As recommended by Matrix Consulting, this request would civilianize 4 analyst positions within NoVA allowing 4 law enforcement officers to be deployed elsewhere. An increase in the General Fund requested budget by $\$ 192,668$ would be needed in order to fund 4 additional civilian positions.

## IV. OTHER KEY ISSUES

The Department faces a number of key issues that also need additional funding:

- Vehicles - The Department needs to replace about 194 vehicles each year at a cost of $\$ 4,719,500$ in order to remove high mileage and older vehicles that are more prone to downtime and cost more to repair and maintain. Funding provided in the PSST Fund annually is enough to replace about 53 vehicles each year, resulting in unmet needs of 141 vehicles, which is equivalent to another $\$ 3,419,500$ in funding.
- Risk Management - The Department is oftentimes represented by the Missouri Attorney General Office (AGO) in regards to legal matters. Missouri statutes also require the AGO to reimburse the Department up to $\$ 1,000,000$ each year for claims paid. The AGO has been refusing to reimburse the Department for claims paid, and is seeking to have the Department reimburse it for the cost of AGO attorneys. This is an ongoing issue that has still not been resolved. This will impact the Department's ability to pay claims since the only funding available comes from the City in the amount of $\$ 500,000$ each for settlement of claims and self-funding of risk management.
- Body Worn Cameras - The Department has conducted a body worn camera pilot program and hosted multiple vendor presentations. The Department is currently in the evaluation phase regarding required storage space, operational limitations, privacy concerns and policy development. Costs have not been determined in the event of a Department-wide deployment. Missouri statutes are still being considered.
- E-Ticketing - The Department continues testing replacement devices as well as the next application. About $\$ 350,000$ will be needed to implement the changeover.
- Recruitment - The Department strives to hire qualified candidates for academy classes and civilian positions while improving diversity. I have directed command staff to be proactive and think of innovative ways to reach more potential law enforcement and civilian candidates.
- Portable Radio System-The portable radios are at end of life. It is estimated that the system could cost $\$ 9,000,000$ and needs to be replaced by 2022 at the latest.
- In Car Camera and Mobile Data System- The current in-car camera systems were installed in 2006 and are now at end of life. The system is no longer sustainable due to parts support from the manufacturer ending. The current mobile data systems were

Kansas City Police Department<br>Requested Budget for Fiscal Year 2018-19<br>Page 4 of 5

purchased in 2008 are now at end of life. The combined cost to replace both systems is estimated at $\$ 1.5$ million.

## v. OTHER FUNDING

The Department's budget includes numerous funds in addition to the General Fund. The other funds supplement the General Fund for programs that might not otherwise be accomplished. Other funding consists of amounts provided by other City resources and amounts self-funded by the Department in the Treasurer's Account.

## Other City Funds

Other City funds appropriations totaling \$14,525,713 are detailed in Schedule 9 and elsewhere. The purposes of the funds are:

- The PSST Fund supports fleet, helicopter, and building operations which used to be funded in the General Fund. Funding for vehicles has not been increased since the renewal of the sales tax. Vehicles cost about $30 \%$ more, and an increase of $\$ 300,000$ is being requested. This was requested and denied last year.
- The Police Drug Enforcement Fund supported by the Jackson County COMBAT sales tax supports DARE and drug enforcement efforts.
- The Police Grants Fund contains self-funded activity and grants awarded the Department, the proceeds of which are turned over to the City. Some grant funding has ended, smaller grants are anticipated, and fluctuating funding from renewing ones this budget cycle has resulted in a decrease to appropriations of $\$ 533,446$. A list of grants may be found in the Police Grants Fund section of the budget.

## Treasurer's Accounts Funds

Self-funded appropriations total $\$ 13,973,354$ as shown in detail on Schedule 3 and elsewhere. These activities involve situations where the Board directly contracts with grantors, collects fees for services, receives federally forfeited property, etc. and are included only on the Board's books. These non-City appropriations are also known as the "Treasurer's Account" or "T-Accounts." Most costs in the Treasurer's Account are payments to the City for grants and code enforcement efforts regarding alarms, parades/traffic escorts, and private officer licensing. The City records the payments as revenue on its books, and in return provides appropriations back to the Department.

## Total Funding

The General Fund plus all other funding totals $\mathbf{\$ 2 5 1 , 8 7 9 , 0 4 7}$ for FY 2018-19 as shown on Schedule 1. This compares to $\$ 243,014,663$ for FY 2017-18, an overall increase of $\$ 8,864,384$ or $3.6 \%$.

Kansas City Police Department<br>Requested Budget for Fiscal Year 2018-19<br>Page 5 of 5

## VI. NUMBER OF PERSONNEL

Schedule 7 reflects the number of full time Department positions. Changes in grants awarded have caused a net decrease of one civilian position. There are 1,367 law enforcement and 578 civilian positions in the base budget compared to 1,367 and 579 , respectively, in FY 2017-18.

## VII. FINAL THOUGHTS

The funding requested will hold the Department at the levels as stated above. Law enforcement turnover will be forecasted in order to plan entrant officer classes accordingly so that there is a minimal lag in law enforcement being at full strength. Through this budget the Department is attaining equal pay with other public safety and preparing for Information Technology consolidation with the City. Through the decision packages the Department is taking steps to attain one of my goals by getting more officers out to patrol stations by civilianizing law enforcement positions and increasing law enforcement staff.

I recommend the Board approve this budget document for submission to the City Council to meet the needs of the Department in the ensuing fiscal year as required by RSMo Chapter 84. Total requested funding for $F Y$ 2018-19 is $\$ 251,879,047$ of which $\$ 223,379,980$ is for the General Fund, $\$ 14,525,713$ from other City funds, and $\$ 13,973,354$ from Treasurer's Accounts.

## Activity: Office of Community Complaints 1005

The Board established the Office of Community Complaints (O.C.C.) in 1969 to comply with the requirements of RSMo Section 84.430, which mandates that, "The board will hear all complaints and charges against any member of the police department." Thus, under the authority of the Board, O.C.C. is responsible for protecting citizens from the possibility of abuse or misconduct on the part of members of the Department and to protect the members of the Department from unjust and unfair accusations which may be lodged by individuals.

As an oversight agency for the Board, the Department, and the Kansas City community, O.C.C. receives and reviews complaints filed against officers or members of the Department and makes determinations as to whether those complaints should be formally investigated, mediated, or conciliated. In essence, O.C.C. is committed to effectively and impartially resolving all complaints involving a misunderstanding/dispute between an individual and member(s) of the Department. O.C.C.'s goal is to at all times provide professional and appropriate customer service to the Board, the Department, and the community.

## Program: Office of the Chief of Police 1010

The Chief of Police commands a Department comprised of about 2,000 employees. The City of Kansas City, Missouri ("the City") has a diverse population of about 459,000 and extends over an area consisting of about 318 square miles within four counties. The Chief of Police reports to the Board. The Office of the Chief of Police is responsible for the proper and timely execution of the policies, duties, and responsibilities established for the administration of the Department. The Office of the Chief of Police provides quality and effective support to the various elements of the Department, the Board, and the community.

Under the current organizational structure, the Office of the Chief of Police oversees five bureaus. The bureaus are the Executive Services Bureau, Administration Bureau, Professional Development and Research Bureau, Patrol Bureau, and Investigations Bureau. Each bureau is organized into divisions, which, in turn, are divided into units and sections/watches. The Office of the Chief of Police also oversees an Office of General Counsel, Professional Standards Division, and Homeland Security Division.

## Activity: Office of General Counsel / Municipal Court Liaison 1010

The Office of General Counsel's attorneys and legal assistants act as in-house counsel for the Department. OGC reviews new and revised policies; develops and conducts training for Department members; responds to charges of discrimination filed with the Missouri Commission on Human Rights and Equal Employment Opportunity Commission; reviews and resolves workers' compensation lawsuits filed by members; responds to unemployment claims; responds to records requests made pursuant to Missouri's Sunshine Law; schedules Board of Police Commissioners' monthly and special meetings; prepares and disseminates materials for Board meetings, including preparation of detailed minutes of each meeting; and responds to inquiries from Department members of all ranks rendering hundreds of opinions per year on various issues dealing with law enforcement, personnel and other matters. OGC attorneys are
responsible for reviewing personnel actions upon request of command and the prosecution of disciplinary actions against Department members. OGC oversees and coordinates the handling of civil litigation filed against the Department, Board and Department members and is involved in decision-making regarding settlement of civil claims and lawsuits. OGC attorneys appear in court on a frequent basis, for example, to file lawsuits against persons responsible for damaging Department-owned property (such as motor vehicle accidents) and to quash subpoenas, respond to expungement actions, or in response to court orders. OGC attorneys write and review hundreds of contracts, memoranda of understanding, and grant documents each year. Attorneys in OGC respond to all officer-involved shootings and also respond to other critical incidents on an as-needed basis.

Court dates for officer testimony in Municipal Court and other matters involving the Municipal Court and its judges are coordinated by a detective assigned to OGC. This detective acts as Municipal Court Liaison. The detective also reviews audio and video before the records are disclosed to requestors, delivers Board materials, works with the Private Officer Licensing Unit on inspections, acts as security for the Mayor's Detail, and performs tasks for the OGC and Chief's Office on an as-needed basis.

## Activity: Risk Management 1015

The Office of General Counsel administers the Department's self-retention program for liability and vehicle damage claims. Commercial insurance is purchased for non-realty property (building contents, helicopters, etc.) coverage. The City insures buildings, which it provides to the Department. OGC attorneys and legal assistants are frequently asked to report on various risk-management issues, such as contributing ideas to reduce the cost of litigation, workers' compensation claims, and recovering money owed to the Department for damage to Department-owned property.

## Sub-Program: Professional Standards Division 1024

The Professional Standards Division is charged with coordinating matters regarding professional standards and employee relations with the FOP Liaison. Reporting elements are: Media Unit, Internal Affairs Unit, and Quality Control.

## Activity: Media Unit 1024

The Media Unit was established to provide information on Department activities to the news media for dissemination to the public and to promote cooperation and enhance communication between the Department and the members of the news media.

The Media Unit has as its primary duty the responsibility of providing liaisons with the members of the news media, frequently on behalf of other Department elements. The Media Unit has the responsibility for the production and distribution of the statutorily required annual report. The unit develops and publishes an in-house monthly newsletter, a daily e-mail newsletter, and coordinates award, promotional, and retirement ceremonies, as well as other special events. The Media Unit also provides public relations services and advice to Department elements.

## Activity: Internal Affairs Unit 1025

The Internal Affairs Unit (IAU) is charged with conducting investigations of internal matters that involve the actions of Department members. These investigations include, but are not limited to, complaints filed with O.C.C., the disarming and/or the discharge of a firearm by an officer, inquiries into commendable acts by Department members, and any other miscellaneous
investigation as directed by the Chief of Police. In addition, IAU is the central repository for case files associated with internal investigations as well as response to resistance reports.

## Sub-Program: Homeland Security Division 1016

Homeland Security Division is charged with ensuring that Kansas City is safe, secure, and guarding against terrorism and other hazards. Reporting elements are: Intelligence Unit, Terrorism Early Warning, and Private Officers Licensing Unit.

## Activity: Intelligence Unit 1016

The Intelligence Unit monitors traditional and non-traditional organized crime, terrorist/extremist groups, threats to public officials, and persons or groups responsible for public disorder. The unit also assists other agencies and Department elements by providing intelligence data, surveillance support, and technical assistance as well as conducting specialized investigations as directed by the Chief of Police.

The unit is a member and operates under the guidelines of the National Law Enforcement Intelligence Unit (L.E.I.U.). This enables sharing of intelligence data and regulates the lawful collection, storage, analysis, and dissemination of criminal intelligence, under 28 CFR 23.

## Activity: Kansas City Regional Fusion Center 1016

KCRFC is tasked with coordinating efforts in the prevention, deterrence, and response to possible threats of terrorism. The section is the liaison with local, federal, and state intelligence entities, as well as private entities in the region regarding crime to include terrorism. This section is responsible for gathering intelligence information used to recognize and forecast trends in risk management and crime issues to assist command staff in the deployment of personnel and resources to improve the overall efficiency of the Department.

## Activity: Critical Incident Site Management Section 1016

The Critical Incident Site Management Section is located at the City's Emergency Operations Center (EOC) and is responsible for administering the Department's critical incident site management system. This system is a computerized catalog of action plans designed to provide first responders with immediate access via their car computers. Through school, community, and business involvement, plans are prepared in advance so that first responders have access to vital information such as evacuation points, perimeter assignments, and locations for establishing a command post, as well as detailed floor plans of the structure. The section also maintains a portable database to provide on-site GIS aerial mapping.

## Activity: Private Officers Licensing Unit 1011

Private Officers Licensing Unit ensures compliance with statutes regarding the control and regulation of private security companies and persons, both armed and unarmed, in the City. The main responsibility is to conduct background investigations, monitor firearm qualifications, and administer an examination to ensure only qualified persons are licensed. Receipts of monies from fees charged in the licensing process support operations.

In its regulatory function, the unit protects the citizen from abuse of authority and the Board from possible liability arising out of the licensing of private security. The unit issues private security licenses and maintains records on approximately 11,000 individuals and two hundred twenty seven (202) private security agencies.

## DEPARTMENT OF POLICE EXECUTIVE SERVICES ACTIVITY DESCRIPTION

## Program: Executive Services Bureau 1030

The Executive Services Bureau is comprised of three elements: Fiscal Division, Logistical Support Division, and Building Operations Unit. The Bureau is responsible for the day-to-day financial operations of the Department, including payroll, payment of pensions, and FICA taxes, as well as building operations, including the cleaning, maintenance, and security of Department facilities. The Bureau is also responsible for communications, radio installation and radio repairs, and fleet operations.

## Sub-Program: Fiscal Division 1040

The Fiscal Division Office is charged with coordinating matters regarding budget, accounting, payroll, asset forfeiture and seizure, purchasing, supply, and private alarms. The Department uses a centralized approach for the Budget, Accounting, and Purchasing Sections to ensure compliance with statutes, Board directives, and internal controls in these areas.

## Activity: Construction Division 1040

RSMo Section 84.450 requires the City to provide the Department with an office and office furniture as it may need. The Department does not own any of the buildings it occupies. Construction Division personnel are responsible for coordinating and developing capital improvement projects, which include renovations to existing buildings and new construction. These duties include assisting in planning, bidding, quality control, acting as a liaison between various City departments and private sector, and the monitoring of funds and expenditures for assigned projects. Personnel oversee projects and coordinate project management to ensure the Department's interests are met.

## Activity: Budget Unit 1045

The manager of the Budget Unit oversees the operations of the Budget Preparation \& Control Section and Alarm Licensing Section.

## Budget Preparation \& Control Section 1045

The Budget Preparation \& Control Section is responsible for the preparation of the Department's annual budget request and continual review of expenditures and budget balances as each relates to appropriated funds. This section also verifies the Department's payroll before each payday and keeps track of every position on the Department.

## Alarm Licensing Section 1012

The intent of City Ordinance 970277, which went into effect on July 1, 1997, was to reduce the number of false alarm calls by promoting responsible actions on the part of the alarm companies and alarm users. At the direction of the Board, the Alarm Licensing Section was formed for the purpose of administering the provisions of the ordinance.

Alarm Licensing Section personnel issue permits to alarm users and ensure that alarm companies and users are in compliance with the City's permit ordinances. The section manages alarm records of over 54,000 permit holders and daily updates alarm permit records with alarm dispatch requests, which are under 16,000 annually. The section also conducts

False Alarm User Awareness Classes and System Performance Reviews for alarm users who experience excessive false alarms.

## Activity: Financial Services Unit 1049

The captain of the Financial Services Unit oversees the operations of the Accounting \& Payroll Section, Asset Forfeiture, Purchasing Section, and Supply Section.

Accounting \& Payroll Section 1049
The responsibilities of the Accounting \& Payroll Section fall into four main categories: accounting, payroll, grants, and asset forfeitures. The section processes all financial transactions for the Department. It ensures Department and statutory policies are complied with regarding acquisition and payment for goods and services. The section processes the Department payroll biweekly. The section also ensures payment of withholding taxes to various governmental entities. Grants are monitored and billed by the section to ensure accuracy and compliance with grant financial guidelines. Asset forfeitures are processed within the section.

The section also performs numerous ancillary functions, including preparing Department financial statements, arranging for Department travel, monitoring travel, training, and discretionary expenditures, and working on numerous special requests for information. The section maintains the Department financial computer system and accounting internal control systems.

## Purchasing Section 1050

The Purchasing Section is responsible for the procurement of equipment, materials, supplies, insurance, and contractual services used by the Department. These acquisitions may be completed through the formal bid process or by direct purchase using sound procurement practices to maximize, to the fullest extent, the purchasing value of public funds. The Purchasing Section is also responsible for the testing and evaluation of selected equipment and the coordination for delivery of specified products.

## Supply Section 1050

The Supply Section/Warehouse maintains a store of goods, which supports the operation of the Department. The Supply Section is responsible for providing equipment, uniform needs, and office supplies for all Department elements. The warehouse provides printed materials and paper needs for the Department. The Supply Section also repairs and maintains firearms used by Department members. Meeting these needs requires sound controls over inventory, shipping, receiving, and restocking.

The needs of the Department are constantly changing and evolving as new technology is developed to improve both the safety of the police officer and the public. The Supply Section evaluates new products and reviews safety issues to better support the needs of the Department.

## Sub-Program: Building Operations Unit 1072

The Building Operations Unit is responsible for over 1 million square feet of working and operational space. This includes the parking lots and grounds of 31 different facilities. The primary goal of the unit is to provide customer service to employees of the Department and the citizens of the community. The unit provides maintenance and janitorial services that promote a safe environment allowing for maximum efficiency.

The Building Security Section is responsible for the overall security of the Headquarters and Communications Buildings. The section is the central repository for all CJIS federal requirements. All non-department employees are screened, documented and allowed access rights through the Building Security Section.

## Sub-Program: Logistical Support Division 1220

The Logistical Support Division coordinates matters regarding fleet, radios, 9-1-1 calls, and property and evidence. Reporting element is: City Hall Liaison.

## Activity: Fleet Operations Unit 1222

The Fleet Operations Unit operates on a twenty four hour basis and is responsible for the acquisition, maintenance, repair, and disposal of vehicles, along with ordering and stocking the necessary parts and materials to support the fleet. On average, 10,000 repairs are completed annually. Primary goals include maintaining the Department's fleet in a high state of readiness and repair by maximizing available resources to their fullest. In addition, some specialty work is done on covert vehicles leased by the Department and other equipment such as generators as well as special projects where metal fabrication may be necessary. The Fleet Operations Unit is also responsible for monitoring of underground fuel tanks and insuring compliance with EPA regulations.

The Fleet Operations Unit operates its own body shop, which is responsible for a variety of body and fender repairs and painting of vehicles. The Fleet Operations Unit also operates the Service Station at 1245 Prospect. At this location the FOU provides tow services, preventive maintenance, and twenty-four hour fuel service.

## Activity: Communications Support Unit 1224

This system provides Public Safety and Public Service communications for all Kansas City radio users. This includes Police, Fire, MAST, Aviation, Public Works, Parks and Recreation, Solid Waste, Water, and other City departments. Communications Support also manages the MARRS system database for Platte County, Clay County, Independence/Blue Springs, Jackson County, and Cass County. MARRS provides interoperable communications with Johnson County, KS and a small number of state and federal users. The MARRS system currently encompasses 22,000 users.

Communications Support provides installation and repair of all mobile radio and repeater equipment used by the City. The unit provides technical support and training to users as required, installs, services, and repairs camera systems, sirens and emergency lighting, radar systems, mobile data terminals, vehicular data networks, alarms, and GPS systems.

## Activity: Communications Unit 1250

The Communications Unit is the primary public safety answering point (PSAP) for 9-1-1 calls placed within the geographical boundaries of the City of Kansas City, MO, the Village of Claycomo, MO. All 9-1-1 calls within those boundaries, from landlines and cellular devices, are received by the Communication Unit. They include calls intended for the Kansas City Fire Department and the Claycomo Fire Department which is transferred to their communications facilities as needed. Communications Unit members also process calls placed to the non-
emergency lines as well as administrative calls received via the department switchboard. The Communications Unit dispatches calls for the City of Kansas City Animal Health department and receives calls for the unit directly when the city Action Center is closed. The Communications Unit also dispatches for the Burlington Northern Railroad officers.

Members assigned to the Communications Unit use a computer aided dispatch (CAD) system that is funded by the City. Those members assigned as dispatchers receive calls for service from those assigned as call-takers via the CAD system and dispatch appropriately. These programs provide students with information and skills that permit them to make positive decisions and avoid negative influences, allowing them to focus on their strengths and potential. The section works to inspire good decision making and to prevent students from becoming involved in violent behavior, drug and alcohol use, and gang participation. Additionally, the section establishes positive relationships between students and law enforcement, teachers, parents, and other community leaders.

The prevention programs are taught in various public and non-public schools within the school districts of Kansas City, North Kansas City, Park Hill, Center, Hickman Mills, and Platte County. Approximately 5,000 students receive prevention programs and services each year.

## Police Athletic League Section 1485

It also forecasts trends affecting Department operations and anticipates unique challenges to policing. The section designs, produces, and controls Department forms, and creates illustrations for printed and visual presentations. The section assists the Policies and Procedures Section in updating/researching policies. Several members of the section serve as the Department liaison with the International Association of Law Enforcement Planners (IALEP), which builds relationships and expands the Department's information sources. The section compiles racial profiling data, generates and submits its report directly to the Missouri Attorney General. The section is also the administrator of the Policy Acknowledgement System. The section serves as a conduit for other Department elements to obtain research or survey information from other agencies.

## DEPARTMENT OF POLICE PATROL ACTIVITY DESCRIPTION

## Program: Patrol Bureau 2510

The Patrol Bureau is comprised of eight divisions: six geographically based patrol divisions, the Traffic Division, and the Special Operations Division. Bureau resources are directed toward uniformed patrol functions, the most critical of which is the response to 9-1-1 emergency calls for service. The Bureau also provides for tactical response to critical incidents, traffic enforcement and control, property crimes investigations, and directed patrol activities.

By combining traditional policing methods with community oriented policing strategies, the members of the Patrol Bureau are committed to forming partnerships with the community to solve problems and enhance the quality of life in Kansas City neighborhoods.

## Sub-Program: Central Patrol Division

Activities: Division Office, Central Patrol 2520
Central Patrol Division encompasses about 15.4 square miles and has a permanent population of nearly 62,000 residents. This population increases to approximately 100,000 to 120,000 each weekday due to numerous businesses and places of interest located within Central Patrol. The division is bounded by the Missouri river on the north, 47th Street/Ward Parkway on the south, State Line on the west, and Wabash on the east.

There are thirty-seven neighborhood groups, twenty business associations, and four community improvement districts in Central Patrol. There is an abundance of retail and entertainment venues in Central Patrol such as the Country Club Plaza, Crossroads Art District, Crown Center, Downtown Loop, Kauffman Center for the Performing Arts, Power and Light District, River Market, Sprint Center/College Basketball Experience, West Bottoms, Westport, and the Westside. Points of interest include Bartle Hall, Kemper Arena/American Royal Complex, Liberty Memorial, Municipal Auditorium, Nelson Art Museum, and Union Station. Central Patrol is also home to a number of large corporations including American Century, H\&R Block, UMB, Commerce Bank, Utilicorp, DST, and Hallmark as well a many federal, state, and local government offices.

Central Patrol Division and its citizens have established a solid community policing partnership that not only facilitates the current needs of the community, but also looks to the future. Officers and sergeants attend several community meetings each month to deliver crime updates and receive information about crime in the community. There are numerous ongoing projects in the division that exemplify officers working in concert with the residential and business community, as well as in collaboration with local, state, and federal agencies. For instance, there are problem-solving initiatives involving many apartment buildings along Armour Boulevard, the Paseo corridor, as well as downtown. One in particular, the Downtown Community Task Force, is a group that teams with social service agencies, faith-based organizations, the Mayor's office, mental health providers, and area businesses to deal with the division's homeless population. Others include the Gateway Crimes Task Force that was sponsored by a City Councilperson with a focus to stabilize and improve the City's neighborhoods by addressing activities that are considered gateways to greater criminal involvement. The Task Force is comprised of representatives from law enforcement agencies, including the Central Patrol Division, the court system, school districts, neighborhood leaders, social service agencies, City Council members, and City staff.

Central Patrol distributes a Daily Crime Report to the community. The Daily Crime Report is distributed to effectively communicate and partner with the community to address and Page 90
prevent crime. This informative report contains a list of crimes committed during the last 24 hours. The report also contains crime maps, crime prevention techniques, and informative public safety topics. The Daily Crime Report is reviewed by approximately 15,000 residents a day and distributed to all neighborhood and business associations who wish to participate.

Central Patrol has partnered with the Central Industrial District and the Westbottoms Business Association (CIDA/Westbottoms Initiative) since 2008 to address and reduce crime and disorder. Since starting this initiative, all crime categories have seen a minimal reduction of $50 \%$. Utilizing the City Municipal Court's Metropolitan Community Service Program (MCSP), the division has removed over 126,600 pounds of trash and illegally dumped materials, 2,198 tires, and covered/removed over 200 pieces of graffiti.

Property Crimes Section detectives investigate property crimes cases and prepare these for prosecution. Detectives work with patrol officers to receive information on residence and non-residence burglaries, property damage, and some classifications of stealing. Detectives work with the division's crime analyst to determine patterns and identify possible suspects.

Officers are assigned within Central Patrol as community policing action team (CAT) officers. These officers, working in pairs, are assigned to work within designated sectors within the division.

There are two Community Action Network (CAN) Centers within division boundaries. Police officers and a Project Neighborhood "Mobilizer" staff the CAN center. The Mobilizer is a non-police citizen who is educated to provide community related referrals and also functions as a resource provider. The CAN officers are involved in traditional police work and also serve as first line partners that link the community and Central Patrol.

Officers on the day shift are assigned to apartment complexes run by the Housing Authority of Kansas City. These officers work within the boundaries of federally-funded properties in the division. In line with the division's focus on community policing, these officers work with the community to improve the quality of life for those living in the properties, while working closely with the Housing Authority's Department of Public Safety.

Officers are assigned to the Crime Free Multi-Housing Unit. These officers act as a liaison between the Department and the management and owners of residential rental properties. The officers respond to problems with rental properties brought to light by other patrol officers, citizens, and neighborhood groups. The officers also offer a three-phase program to both owners and management. The first phase of the program provides education to owners, managers, and employees of rental properties. The second phase consists of surveying the properties using the "crime prevention through environmental design" standards. The final phase is a safety social hosted by the rental property owners for their residents.

Downtown Foot Beat officers handle calls for service within the downtown loop during the day and evening hours. Officers work closely with the downtown business community, convention center, and organizations such as the Downtown Council and Central Improvement District.

## Sub-Program: Metro Patrol Division

Activities: Division Office, Metro Patrol 2530
Metro Patrol Division encompasses about 35 square miles and is home to approximately 90,000 residents. The boundaries of Metro Patrol Division are $47^{\text {th }}$ Street/Emanuel Cleaver Blvd/Blue Parkway on the north, State Line Road on the west, Blue Ridge Boulevard on the east, and $87^{\text {th }} / 95$ th Street on the south. Areas of interest located within the division are the Kansas City Zoo, Swope Park, University of Missouri at Kansas City, Rockhurst University,

Ward Parkway and Landing Shopping centers, MRI Global, Stowers Institute, Kauffman Foundation, and the Brush Creek Revitalization Project.

The emphasis on community oriented problem solving is reinforced daily through contact with business and home associations, and more than 500 neighborhood and block watch groups. Officers work with these organizations on such topics as home security, personal safety, shoplifting, drug and gang problems, school presentations, and developing relationships that promote a sense of cohesiveness in the community. Community policing within Metro Patrol Division is the responsibility of every division member.

Property Crimes Section detectives investigate property crimes cases and prepare these for prosecution. Detectives work with patrol officers to receive information on residence and non-residence burglaries, property damage, and some classifications of stealing. Detectives work with the Law Enforcement Resource Center's crime analyst to determine patterns and identify possible suspects.

Through a variety of approaches, members and the community are exposed to community oriented problem solving techniques with the ultimate goal being to provide police service in consultation and collaboration with the community whenever possible. Partnerships with neighborhoods, governmental agencies, schools, and businesses continue to grow and evolve with community incentives such as the Community Police Action Cooperative (CPAC) that have played a large part in improving the quality of life of many people who live and work in south central Kansas City.

Metro Patrol has two Community Action Network (CAN) Centers. The first is the 49/63 CAN Center at 5418 Lydia and the second is the Blue Hills CAN Center at 5309 Woodland. These CAN Centers are each staffed by Metro Patrol officers who work closely with CAN team leaders from the community and other agencies to improve the quality of life in the areas they encompass. Metro Patrol officers are also heavily involved in community policing and work with citizens, neighborhood leaders, and various agencies to solve crime and quality of life issues within the Metro Patrol Division.

Crime free multi-housing officers have been assigned and work to improve the quality of life by making apartment complexes safer. These officers work closely with property managers and district officers to facilitate problem solving techniques.

## Sub-Program: East Patrol Division

Activities: Division Office, East Patrol 2540
East Patrol Division encompasses about 45 square miles and is home to approximately 94,000 culturally diverse residents. The boundaries of East Patrol are Wabash Avenue on the west to the east city limits, and the Missouri River on the north to 47th Street on the south, plus the area of U.S. 40 Highway on the north, 75th Street (Little Blue Road) on the south, Woodson Avenue on the west, and Lee's Summit Road on the east. East Patrol Division is predominantly comprised of residential areas but it is also home to one of the Metropolitan areas largest business and executive Parks. The Truman Sports Complex, consisting of Kauffman Stadium and Arrowhead Stadium, is also located within Division boundaries, increasing the Division's population by an additional 80,000 on game days.

East Patrol is dedicated to a focused deterrence model of crime prevention and enforcement. Weekly crime information sharing and response collaboration meetings are held to focus officers' response to identified criminals and criminal activity.

East Patrol Division appreciates its close working relationship with over 30 active community groups. This is a result of the Division's approach to crime reduction, partnerships formed between the police and community, as well as the involvement of the Community

Interaction Officer (CIO) and specialized units within East Patrol. The CIO is a vital asset in bringing police and community together by attending neighborhood association meetings and events, conducting business and residential security surveys, putting on intruder response classes in the schools and churches, and teaching women's safety classes. Division officers have reached out to the community to locate problem areas and work on solutions together by signing community partnership agreements. Additionally, numerous neighborhood clean ups have taken place utilizing Metropolitan Community Service Program workers. Officers are working in designated hot spot areas making positive citizen contacts along with making felony arrests of career criminals. This has helped the division and the Department move toward the strategic plan goal of improving the relationship between the public and police.

East Patrol has a Community Action Network (CAN) where two Community Action Network (CAN) officers are assigned and focus on community policing efforts by working closely with various community organizations.

Property Crimes Section Detectives investigate property crimes cases. Upon completion these cases are submitted to the Prosecutors Office for the filing of charges. Detectives work with patrol officers to receive information on residence and non-residence burglaries, property damage, and some classifications of stealing. Detectives work with the division's crime analyst to determine patterns and identify possible suspects.

East Patrol has four School Resource Officers (SRO) in two of the public high schools located within the boundaries of the Division (Central and Northeast High Schools). The SRO's responsibility is to improve the image of the law enforcement officers in the eyes of the students and community. East Patrol has two officers assigned to Crime Free Multi-Housing. These officers work with property owners and managers to develop better property conditions and screening practices in an attempt to help reduce the concentration of crime in these areas and improve the quality of life for the residents.

## Sub-Program: South Patrol Division <br> Activities: Division Office, South Patrol 2550

The South Patrol Division is located at the Police Campus at 9701 Marion Park Drive. The location provides quick and convenient access to Bannister Road, l-435, and 71 Highway. Sworn law enforcement officers and civilian employees provide services to an area that not only covers large residential areas, but also 32 city parks, two large county parks, and many commercial areas. Several major employers are located in South Patrol Division including: St. Joseph Hospital, Truman Medical Center Lakewood Hospital, the Honeywell Federal Manufacturing and Technology Plant, and the Ford/Mazda Inter-modal Rail Hub at Richards Gebaur. The new campus for the Cerner Corporation is now completed. It is on 290 acres near Bannister Road and I-435 Highway. The Cerner Corporation now operates out of two facilities within the South Patrol Division boundaries. Six school districts as well as the Crittenton and Ozanam juvenile residential treatment facilities are located within the division.

In addition to responding to calls for service, community oriented policing is an integral function of this division. Division personnel work closely with community leaders, neighborhood associations, and businesses to identify and solve problems. Interaction with over 100 neighborhood associations and literally hundreds of block watch programs has been the key to reducing crime and improving the quality of life for residents.

Property Crimes Section detectives investigate property crimes cases and prepare these for prosecution. Detectives work with patrol officers to obtain information on residence and nonresidence burglaries, property damage, and some classifications of stealing. Detectives work with the division's crime analyst to determine patterns and identify possible suspects. The section also conducts Missouri Department of Revenue retail auto lot inspections and VIN certifications.

The IMPACT policing squad is a valuable tool for the division. The squad focuses on target oriented policing and problem solving by working proactively to identify and solve problems using community input and crime analyst data to select targets for action. The squad uses surveillance, ATV's, bicycle patrol, and targeted self-initiated activity to pursue goals. Officers also network with other agencies and communities to solve common problems.

South Patrol Division strives to provide excellent customer service, proactively identify crime patterns, and develop fast, efficient plans to address those patterns, with the goal to reduce crime and disorder to improve overall public safety and quality of life.

## Sub-Program: North Patrol Division

Activities: Division Office, North Patrol 2560
North Patrol Division is responsible for providing public safety services to citizens living, working, and visiting north of the river. Geographically, North Patrol Division covers about 85 square miles, which is $27 \%$ of the landmass within Kansas City's corporate limits. Division boundaries are roughly M92 highway to the north, North Oak to the east, Missouri River to the south, and the City limits to the west. The station is currently located at 1001 N.W. Barry Road. A new station is under construction near Kansas City International Airport (KCI).

North Patrol Division includes both of the City's airports. KCI is located at I-29 and 291 Highway, and handles in excess of $7,000,000$ passengers each year. The other is Charles Wheeler Downtown Airport. The division is home to seven large shopping, entertainment, and dining destinations: Tiffany Springs Market Center, The Shops at Boardwalk, Barrywoods/AMC, The Village at Burlington Creek, Briarcliff Village, Zona Rosa, and Creekwood Commons.

North Patrol Division is currently one of the fastest growing areas in the City. Population is currently estimated at 80,000. Business, residential, and entertainment developments are growing rapidly along the I-29 corridor from 64th Street north to KCl . This growth should continue with the anticipated progress of The Twin Creeks Development area. Innovative community oriented policing tactics have been successful in maintaining a high quality of police service. Division personnel have initiated a close working relationship with many community organizations.

Property Crimes Section detectives investigate property crimes cases and prepare these for prosecution. Detectives work with patrol officers to receive information on residence and non-residence burglaries, property damage, and some classifications of stealing. Detectives work with the division's crime analyst to determine patterns and identify possible suspects. Property Crimes Section detectives work closely with other law enforcement agencies to suppress crime and identify perpetrators.

Northland Neighborhoods Inc., The Northland Regional Chamber of Commerce, The Clay County Economic Council, The Platte County Economic Council and the Northland Community Alliance have been highly successful in developing partnerships and linking neighborhoods, businesses, City, and police services together. Approximately 168 neighborhood groups work with North Patrol Division officers to deter crime and assist in maintaining a high quality of life. Neighborhood groups include organized block watches, neighborhood associations, and home associations. These organized groups are continuing to form both in the more established neighborhoods and newly developing areas.

## Sub-Program: Shoal Creek Patrol Division

Activities: Division Office, Shoal Creek Patrol 2570
The Shoal Creek Division encompasses about 75 square miles with an estimated population of over 90,000. The borders of the division are M-92 Highway to the north, North Oak Trafficway to the west, Interstate 35 to the east, and the Missouri River to the south, representing approximately $23 \%$ of the City's land area. There are ten municipalities or jurisdictions that surround Shoal Creek. This creates a very unique opportunity for the men and women of the division to interact and work with adjoining agencies.

The division continues to change rapidly as the rural area gives way to expanding residential communities and business and industry growth. Numerous City and county parks, including the Hodge Park Complex, Pleasant Valley Complex, and the Western Missouri Soccer Complex are located within the division. Shoal Creek Patrol Division also has several key points of interest for tourism such as Worlds of Fun, Oceans of Fun, and Ameristar Casino that attract more than 1.5 million visitors annually. The Hunt Midwest subtropolis, the world's largest underground storage facility, is also located in the Shoal Creek Patrol Division. The I-35 and Highway 152 corridors contain one of the largest retail and dining areas in the northland.

The growth of the northland area has caused corresponding traffic congestion and crime related problems. An example of this is at I-35 and Highway 152 which includes retail development, restaurants, and residential expansion into the surrounding area. These challenges have required both traditional and innovative community oriented policing tactics by officers assigned to the Shoal Creek Patrol Division. The Impact Squad works proactively with different elements to locate and suppress criminal activity within the division.

Special programs, such as the Metropolitan Community Service Program (MCSP) have enabled Shoal Creek officers to partner with the community in cleaning neighborhoods in the northland. The integration of Crime Free Multi-Housing officers within the Shoal Creek Property Crimes Section has provided an important problem-solving tool in working with multi-family dwellings and low income housing, where problems have existed for many years. Although not dedicated full time, Shoal Creek Patrol Division has two ATV's assigned to the Impact Squad which can be staffed by trained officers as dictated by any specific need that arises. Through a close cooperative relationship with Kansas City Parks and Recreation, the division has the ability to respond with ATV's to concerns or criminal activity at parks or rural areas within division boundaries.

Division personnel have initiated close working relationships with many community organizations. These groups include, but are not limited to: Clay County Economic Development Council, Northland Neighborhoods, Inc., Northland Community Alliance, Northland Chamber of Commerce, the Metropolitan Community Colleges, and both the North Kansas City and Liberty School Districts. Shoal Creek Patrol Division has four high schools within its boundaries: Oak Park, Winnetonka, St. Pius, and Staley.

Property Crimes Section detectives investigate property crimes cases and prepare these for prosecution. Detectives work with patrol officers to receive information on residence and non-residence burglaries, property damage, and some classifications of stealing.

Division members have established partnerships with approximately 95 neighborhood groups to deter crime and assist in maintaining a high quality of life. These groups include organized block watches, and neighborhood and homes associations. With the assistance of division staff, organized groups are continuing to form both in established neighborhoods and developing areas.

The unit also investigates vice related crimes (e.g., prostitution, escort services, liquor violations, tobacco violations, gambling violations, etc.). Criminal cases are presented in the federal, state, and municipal criminal justice systems. Targeting problem locations is the unit's primary way of impacting community quality of life issues.

Vice Section 2660
The Vice Section is charged with investigating prostitution, escort services, liquor violations, tobacco violations, gambling violations, after-hours party houses, adult nude and semi-nude businesses, tattoo and body piercing businesses, internet child pornography, child enticements on the internet, and human trafficking. Criminal cases are presented in federal, state, and municipal criminal justice systems.

## Sub-Program: Kansas City Police Crime Laboratory 2683

The Kansas City Police Crime Laboratory provides expert and professional recovery and examination of evidentiary materials to aid in the investigation of criminal offenses. State-of-theart instrumentation and/or scientific techniques are utilized in the forensic disciplines of chemistry, crime scene processing, firearms-examinations, fingerprint recovery preservation and comparison, photography, digital evidence (images from video and still photographs), trace evidence examination, and DNA profiling. Expert testimony is provided to aid in the prosecution and defense of criminal defendants. Training of law enforcement and criminal justice personnel is also an important function.

## Chemistry Section 2683

The primary focus of the Chemistry Section is on the analysis of drugs of abuse. A wide variety of illegal drugs are seen, including cocaine, methamphetamine, heroin, and PCP. Drug facilitated sexual assault drugs like GHB, prescription controlled substances like Oxycontin, and synthetic drugs like bath salts are also encountered. Clandestine laboratories like those manufacturing methamphetamine are processed by chemists who collect and process items on location, and are equipped with mobile lab processing vehicles.

## Crime Scene Investigation Section 2683

The Crime Scene Investigation Section is responsible for responding to crime scenes on a twenty-four hour basis. Each member is trained in the identification, collection, and preservation of evidence at crime scenes. Furthermore, the responding member documents the location, condition, and context of the evidence through diagrams, narrative reports, and photography. These skills are essential to admit evidence into court through testimony.

DNA Section 2683
The DNA Section is responsible for locating and identifying biological material and determining who may have left that biological material at a crime scene. The section locates and identifies cells, hairs, and biological stains such as blood, semen, or saliva which are suitable for DNA testing. Identifying the source of the biological material is done through the generation of a genetic profile which can be compared to a known sample from an individual such as a victim or suspect, or in cases with no known suspect, to the Combined DNA Indexing System (CODIS) in hopes of matching the sample to a convicted offender or previously identified sample from laboratories across the country. The section also assists in the identification of missing persons and unidentified remains through comparisons of family reference samples and the CODIS database.

## Fingerprint ID Section 2683

The Fingerprint Identification Section is responsible for the real time identification of subjects who are currently in custody. In addition, the section is the primary source for immediate identification of homicide, traffic fatality, suicide, and other victims of unattended death. The section also provides a public, fee-based fingerprinting service.

Latent Prints Section 2683
The Latent Print Section analyzes developed latent prints and also uses various chemical, physical, and photographic techniques to process items of evidence that cannot be routinely processed in the field. The examiners compare prints that are of value for identification to known prints of victims, eliminations, and/or suspects. If possible, unidentified prints are entered into the Missouri State Highway Patrol's Automated Fingerprint/Palm Print Identification Systems (AFIS/APIS), the Kansas Bureau of Identification (AFIS), and the FBl's Integrated AFIS (IAFIS) in attempts to identify these prints. The Latent Print Section is also responsible for the analysis and the processing of evidence for footwear and tire tracks, and any comparisons that can be done.

## Firearms and Section 2683

The Firearms Section is responsible for the test firing and examination of firearms and ammunition components. Ammunition components are those items such as, bullets, cartridge cases, shot shells, wadding, and shot. The components are compared to each other and submitted firearms to determine if they were fired in one or multiple firearms. Ammunition
components are also compared to test fires from recovered firearms to determine if it was fired from the submitted firearm. If a firearm has an obliterated serial number, examiners perform a serial number restoration in an attempt to restore the serial number, if possible. The section utilizes a database of images of markings on cartridge cases called the National Integrated Ballistic Information Network/Integrated Ballistic Identification System (NIBIN/IBIS). NIBIN/IBIS allows examiners to possibly link cases that otherwise would not have been linked. Examiners in this section are also responsible for muzzle to target distance determination.

## Forensic Computer Crimes Section 2683

Department members are assigned to the FBl's Heart of America Regional Computer Forensic Laboratory (HARCFL), a one stop forensics laboratory and training center devoted to examination of digital evidence in criminal investigations such as terrorism, child pornography, violent crimes, trade secret theft, theft or destruction to intellectual property, financial crime, property crime, Internet crimes, and fraud. Examiners at the HARCFL not only conduct computer examinations, but also assist agencies in the preparation and execution of search warrants. Training is provided for agencies in the "Investigative Review" of computer evidence after the evidence has been forensically gathered and prepared in order to not manipulate or destroy it, as well as other training in "Forensic Concepts" in regard to digital evidence. The HARCFL also provides services for cell phone extraction, video collection and enhancement, and court testimony. The HARCFL is an ASCLD/LAB accredited laboratory.

Digital Evidence Section 2683
The Digital Evidence Section is responsible for analyzing evidentiary videos and specialized photography. In addition to frame-by-frame analysis of evidentiary videos, the section assists detectives with recovering and viewing surveillance video. The section has the ability to determine the frame rate at which a video was recorded, analyze the file structure, identify and explain potential artifacts, and calibrate the aspect ratio of a video, if necessary. Personnel have also been trained in photo comparison of clothes, vehicles, and other items that have individual characteristics. This section manages most of the digital images taken by Department equipment and distributes them for the legal system. The section digitally processes evidentiary images to allow for comparison by other forensic examiners.

## Trace Evidence Section 2683

The Trace Evidence Section has several principal functions. The section is responsible for locating, characterizing, and comparing materials such as hairs, fibers, paint, glass, tape, and condom lubricant traces. The section performs bloodstain pattern analysis, vehicle lamp examinations, and physical matches each of which offers reconstructive information to the criminal justice system. The Trace Section also conducts the analysis of fire debris samples from suspected arson scenes to identify accelerants like gasoline that may be present. A battery of tests and instruments are utilized to accomplish each task.

Transactions involving pension payments and FICA taxes are paid directly by the City on behalf of the Department, but are recorded as expenditures by the Department since they are part of the annual budget.

Other transactions such as separation pay, health, life, and other employee benefits are accounted for in centralized accounts and not allocated to specific programs.

## Program: Law Enforcement Pension 1100

The City makes its contribution directly to the Kansas City Police Employees' Retirement System, a separate state entity, every 28 days.

## Program: Civilian Pension 1110

The City makes its contribution directly to the Internal Revenue Service after each payroll.

## Program: Employee Benefits 1462

The Department contracts with insurance providers for benefits such as health, life, and disability, and provides a $\$ 6$ monthly benefit subsidy to members.

## Program: Separation Pay 2512

## POLICE DRUG ENFORCEMENT FUND

DRUG ABUSE RESISTANCE EDUCATION (D.A.R.E.)
JACKSON COUNTY DRUG TAX UNIT

# DEPARTMENT OF POLICE <br> POLICE DRUG ENFORCEMENT FUND ACTIVITY DESCRIPTION 

Residents of Jackson County, Missouri approved a $1 / 4$ cent sales tax to fight illicit drug use and provide education and treatment. The Community Backed Anti-drug Tax (COMBAT) provides prevention and treatment funding to the Department as described below.

## Program: Professional Development \& Research Bureau

Activity: DARE Jackson County 2646 \& 2648
COMBAT provides funding for two positions, training, and supplies needed for the Drug Abuse Resistance Education (DARE) program. The officers interact primarily with fifth grade students in three metropolitan school districts within the City year round, providing positive role modeling and influences, as well as teaching prevention programs. Modified lessons are given to the K-4 students.

## Program: Investigations Bureau

## Activity: Jackson County Drug Tax Unit 2652 \& 2654

COMBAT funds the Jackson County Drug Tax Unit, which consists of additional undercover, supervisory, and civilian support personnel assigned to the Drug Enforcement Unit and the Street Crimes Unit. Members supplement duties of others assigned to the Narcotics \& Vice Division. The Drug Enforcement Unit investigates mid and upper level drug dealers, while the Street Crimes Unit investigates street level (retail) drug dealers and provides tactical enforcement for narcotics investigations. Both units present cases in the federal and state criminal justice systems. In addition, two civilian Chemists funded by COMBAT are assigned to the Department's Regional Criminalistics Lab to help handle the increased workload involving drug evidence generated by stepped up enforcement.

# DEPARTMENT OF POLICE OTHER FUNDS REFLECTED IN CITY APPROPRIATIONS ACTIVITY DESCRIPTION 

## Activity: $\quad$ Parking Garage Fund 216

The City established this fund to reimburse the Department for enforcement of parking ordinances in the downtown corridor.

## Activity: $\quad$ Public Safety Sales Tax (PSST) Fund 232

Voters approved an extension of the $1 / 4$ cent sales tax to fund public safety capital improvements on November 2, 2010. Police's share of the total annual amount generated from the tax is reflected in this Fund, most of which is used to supplement appropriations in the amount of $\$ 2$ million formerly provided by the General Fund.

## Activity: Byrne JAG Grant Fund 241

Accounts for grant funding passed through to the Department from the City.

## Activity: 2012A G.O. Bond Fund 3398

The City established this continuing fund for appropriations derived from General Obligation (G.O.) Bonds issued to more quickly build and equip facilities authorized by PSST renewal. By statute, the City constructs and owns the buildings occupied, but the Department purchases and owns equipment and furnishings. As a continuing fund, unused appropriations are available in subsequent years until fully expended.

## Activity: $\quad$ 2013B Special Obligation Bond Fund 3431

The City established this continuing fund for appropriations derived from Special Obligation Bonds issued to equip facilities authorized by PSST renewal. As a continuing fund, unused appropriations are available in subsequent years until fully expended.

## Activity: 2016A Tax Exempt Bond Fund 3433

The City established this continuing fund for appropriations derived from Special Obligation Bonds issued to equip facilities authorized by PSST renewal. As a continuing fund, unused appropriations are available in subsequent years until fully expended.

Activity: Police Workers' Compensation (WC) Fund 1011
The Department retains the risk for workers' compensation claims. The activities in this Fund are supported by a transfer from the General Fund, making the Police WC Fund a subsidiary account to the General Fund. The Police WC Fund is not included as part of total budgeted appropriations since these have already been included in the General Fund. This Fund serves to record individual workers' compensation costs as an off-budget internal service. Costs, if any, in excess of this amount will be recorded in the Department's General Fund. General Fund transfers in excess of workers' compensation costs are held at the City for the future benefit of the Department.

## DEPARTMENT OF POLICE SPECIAL REVENUE FUNDS ACTIVITY DESCRIPTION

Special Revenue Funds account for revenues earmarked for specific purposes and/or are restricted by law or administrative action. The Department uses the following Special Revenue Funds to supplement General Fund appropriations.

## Activity: Special Services Fund - 5110

This Fund is used to account for revenues derived from a variety of sources such as the sale of police reports, criminal history record checks, fingerprint services, private security officer licenses, alarm fees, academy fees paid by other policing jurisdictions, miscellaneous restitution via the court system, crime lab fees, vehicle disposals, accident claims, traffic escorts for parades, and interest income.

Expenditures pay for costs associated with collecting revenue including licensing of private security officers and private alarm users; police report reproduction; traffic escorts; vehicle purchases; training, education, and related travel; and tuition reimbursements to employees.

## Activity: $\quad$ Federal Seizure and Forfeiture Fund - 5150

This Fund is used to account for revenue pursuant to the equitable sharing of seized and forfeiture cash and property from joint drug enforcement investigations with the federal government. The expenditure of funds is restricted by federal guidelines published by the U.S. Department of Justice and Department of the Treasury. This Fund is the primary source for cash matches related to federal grants and maintenance of the data backbone systems of the Department's internal network.

## Activity: DARE Donations Fund - 6140

This Fund is used to account for donations from COMBAT and private and public entities and individuals. The donations are used to enhance drug abuse resistance education (DARE) programs given by the Department to schoolchildren and provide awards to the participants upon completion of the classes. This Fund supports the operations of the Department's DARE program reflected as organizations 2646 and 2648 in the Police Drug Enforcement Fund 234. The City provides appropriations in the General Fund to pay for additional officers assigned to DARE.

## Activity: Grants Fund - 7100

The Department's policy is to establish revenue accounts in this Fund to receive grant revenue. An offsetting contractual obligation equal to the grant revenue plus grant matches furnished by other Treasurer's Account funds is also established in order to reimburse the City in arrears for grant appropriations in the General Fund and Police Grants Fund.

## Notes:

1/ The Department's policy is to establish revenue accounts in the Grants Special Revenue Fund 7100 to receive grant revenue and Department required grant matches. A contractual obligation equal to the revenue and Department match is established in Fund 7100 to reimburse the City in arrears for expenditures recorded in Police funds 100 and 239.

# LIABILITY SELF-RETENTION SUBSIDIARY ACCOUNT FUND 6110 

REVENUES, EXPENDITURES, AND CHANGE IN FUND BALANCE

# DEPARTMENT OF POLICE <br> LIABILITY SELF-RETENTION GENERAL FUND SUBSIDIARY ACCOUNT ACTIVITY DESCRIPTION 

The Department uses a Liability Self-Retention Subsidiary Account to retain exposure to potential liability and torts related to vehicular accidents, slip and fall claims, and other liability claims. This program was instituted during fiscal year 1991-92 when bids for this coverage came in at over $\$ 1$ million. In response, the City and Department agreed to establish a fund that would allow the Department to decrease its overall costs. Funding is provided mainly by transfers from the General Fund.

Section 105.726, RSMo, requires the State of Missouri to fund the first $\$ 1.0$ million of the Department's annual liability costs, with the Department responsible for $100 \%$ of anything over this amount.

General Fund transfers in excess of annual risk management expenses are retained by the Department to offset future costs should claims exceed amounts provided by the General Fund and/or covered by the State of Missouri. In the event all amounts are exhausted, the City acts as a backstop for risk management costs.
