## I. GOVERNANCE STRUCTURE

The Board of Police Commissioners (the Board), a governmental unit pursuant to Chapter 84 of the revised statutes of the State of Missouri (RSMo), administers the Kansas City, Missouri Police Department (the Department or KCPD). Statutes provide the Board with exclusive management and control to operate the police force as an independent entity within the City of Kansas City, Missouri (the City). The City is required to provide annual appropriations to the Board for this purpose.

The Governor appoints and the Missouri Senate approves four Commissioners from the local community who, along with the Mayor of Kansas City, comprise the Board. The Board determines policy and provides oversight with input from the Chief of Police, who is responsible for managing the Department. The Chief of Police has organized the Department into bureaus and appointed commanders thereto who make day-to-day operational decisions. Each bureau's functions are more fully described elsewhere in this document.

## II. BUDGET OVERVIEW

The Board's budget for the Department begins May 1, 2015. The total appropriated budget is $\$ 228,784,863$. Last year's budget was $\$ 229,607,357$ including transfers. Accompanying this document are transmittal letters from the Chief of Police dated October 10, 2014, and Deputy Chief of the Executive Services Bureau dated March 27, 2015, and details of all budgeted items. Most of the decrease from last year is from consolidated purchasing of fuel and rent. The main programmatic changes are shown in Table 1.

| Table 1 <br> Funding Changes |  |
| :--- | ---: |
| General Fund pensions | Amount <br> General Fund salaries and other benefits <br> General Fund health insurance |
| KC NoVA program costs | $1,663,437$ |
| Consolidation with the City of fuel and building rent | $1,533,834$ |
| General Fund cuts to current service levels | 250,000 |
| Parking Garage Fund | $(3,670,829)$ |
| Public Safety Sales Tax (PSST) Fund appropriations | $(1,257,940)$ |
| PSST for CAD / RMS replacement | $(85,836)$ |
| COMBAT anti-drug tax appropriations | 200,000 |
| Appropriations in Police Grants Fund | $1,000,000$ |
| Grant awards remitted to the City by the Department | 24,332 |
| All other appropriation changes | $(1,282,866)$ |
| Interfund transfers | $(1,053,973)$ |
| Decrease in appropriations | $(1383,872$ |

## III. CONTINUED REDUCTIONS TO GENERAL FUND SERVICE LEVELS

The transmittal letter for last year's budget indicated under funding challenges of \$8.5 million. The $\$ 8.5$ million short fall was covered last year through additional appropriations from the City, using up one-time resources, and deferral of costs into FY 2015-16. FY 2015-16 inherits last year's under funding problems, plus will experience the full year cost of last year's pay raises as well as pension payments costing $\$ 3.4$ million as agreed to in the Settlement Agreement and Release. Health insurance rates increase by $\$ 1.5$ million, KC NoVA adds $\$ 0.3$ million, and all other costs increase by $\$ 0.5$ million. New funding to cover these items is only $\$ 3.3$ million, resulting in a potential deficit of $\$ 10.9$ million. It is projected another 92 vacancies will occur during the upcoming fiscal year, thereby saving $\$ 3.1$ million if they go unfilled. This will reduce the projected short fall to $\$ 7.8$ million. Already there are 121 vacancies, meaning total vacancies will be 213 vacancies by year end. To put this in perspective, a total of 221 positions are assigned north of the river at North Patrol and Shoal Creek Patrol divisions.

Funding provided will not pay for Department members currently employed. The Department has frozen hiring, offered incentives for members to leave, and reallocated various appropriations in order start addressing this problem. A definitive resolution to the under funding is not evident at this time. The Department will present additional alternatives and recommendations to the Board within 120 days after the start of the fiscal year.

The following chart compares the Department's upcoming General Fund totaling $\$ 201,973,377$ to the four previous years; adjusting for factors such as new programs and consolidation of fuel and rent purchases. Adjustments such as these are included in the chart as All Other Funding in order to provide data that is comparative across all five years. The chart illustrates that funding for operations peaked in FY 2013-14 before declining in FY 2014-15 and again in FY 2015-16.

The aforementioned downward trend in operations is illustrated as a percent of total funding in the following chart. The primary driver for less operations funding is increased pensions. Allocating a smaller percentage of the budget to daily operational costs will eventually impact citizen priorities which are to prevent crime and improve police visibility.

Chief Forté shared with the Board his February $26^{\text {th }}$ presentation to the City Council about the upcoming budget. A couple of the more noteworthy recent accomplishments were the 40 -year low in the number of homicides and 20-year low in traffic fatalities. Without additional funding, the Department will be unable to continue the momentum needed to improve public safety issues such as these.

## IV. CHARACTER OF FUNDING

## PERSONNEL

Personnel costs include all personal services plus benefits in contractual services such as workers' compensation and life insurance. Personnel costs in relation to all Department appropriations are $86 \%$ or $\$ 197,770,633$, an increase of $\$ 2,088,071$. Pensions increased by $\$ 2,671,357$, which means all other salary and benefit accounts decreased by $\$ 583,286$, mostly as a result of "efficiencies" assessed against the budget. The following bullet points highlight FY 2015-16 personnel issues, and Table 2 summarizes changes to full time equivalent (FTE) positions.

- No pay raises, with the exception of promotions, are planned. The increase shown in salaries reflects the full year cost of the final round of raises awarded in FY 2014-15 pursuant to the Settlement Agreement and Release.
- Health insurance premiums increase by $6.95 \%$. In comparison, City premiums increased 7.4\%.
- FY 2015-16 adjusted staffing includes 2,111 positions compared to 2,118 last year. This reflects 1 position eliminated from the General Fund, 3 from COMBAT, and 3 from grants.

| Net Positions | 2,112 | 2,145 | (33) | 2,109 | 2,115 |

The initial budget request for FY 2015-16 was submitted to the City in October of 2014 and became the basis for adopted staffing levels. Subsequent changes are not included in the adopted budget but are reflected in the adjusted columns above. Adjusted LE positions decreased by 3 due to COMBAT anti-drug tax funding not growing as fast as costs, thereby causing staffing reductions.

## NON-PERSONNEL

Non-personnel items represent \$31,014,230 or about 14\% of funding for FY 2015-16, compared to $\$ 33,924,795$ for FY 2014-15. The main reason for the decrease of $\$ 2,910,565$ in non-personnel items is consolidated purchase of fuel and rent. To simplify the presentation, non-personnel items have been grouped into the following categories:

Public Safety Sales Tax Fund - The $1 / 4$ cent sales tax for public safety capital improvements increases by $\$ 1,200,000$ to $\$ 3,250,000$, which represents $1.4 \%$ of all Department appropriations. Most of the increase is to acquire a new CAD / RMS system. Also, the City issued bonds in previous years to provide for equipping Department buildings scheduled to undergo construction. Two funds, 2012A GO Bond Fund 3398 and 2013B Special Obligation Bond Fund 3431, continue automatically from year to year. Since the funds are continuing in nature, they are not included in the annual budget process.

City Allocations - The City allocates some of its costs to the Department budget, with the intent the Department use this to also benefit other City departments. These appropriations totaling $\$ 908,508$ include items such as building insurance and radio maintenance, and represent $0.4 \%$ of all Department appropriations, a decrease of $\$ 565,891$ from last year, of which $\$ 555,891$ is from building occupancy costs for consolidation efforts.

Paid to City - The Department self-funds grants and other activities totaling \$8,573,285 or $3.7 \%$ of appropriations. This is reimbursed to the City, which treats the reimbursements as revenue, and in turn provides the Department appropriations in the same amount. This results in double counting of the following items:

| Table 3 <br> Double Counted Appropriations Related to Reimbursements to City |  |  |
| :---: | :---: | :---: |
|  | FY 2015-16 | FY 2014-15 |

| Grant matches | 0 | 136,136 |
| Amount related to federal and state grant awards | 6,422,829 | 7,476,802 |

| Total reimbursements to KC | \$8,573,285 | \$9,676,402 |

Other Activities - Another $\$ 18,282,437$ or $8.0 \%$ of total appropriations support the day-to-day operations of the Department as shown in Table 4. Consolidation of fuel purchases with the City accounts for most of the net decrease of $\$ 2,441,557$.

TO: $\quad$ Members of the Board of Police Commissioners
Kansas City, Missouri Police Department
FROM: Deputy Chief Patty Higgins, Commander, Executive Services Bureau
SUBJECT: Current Status of FY 2015-16 Budget
The Board of Police Commissioners will formally adopt the FY 2015-16 budget at your April 13, 2015 meeting. As preparation for budget adoption, I am providing the following information and attached Schedules to help summarize the current status of the FY 2015-16 budget and what has changed since Chief Forté's presentation to you last fall.

Schedules 1-3 accompanying this memorandum are similar to ones previously provided to the Board by the Chief. A column titled "Appropriated 2015-16" has been added to reflect the amounts to be adopted. The following highlight changes in Schedules 1-3 between what was "Appropriated" by the City Council and what was "Requested" by the Department last fall.

## SCHEDULE 1

Schedule 1 attached hereto reflects all Police Department revenues and appropriations. Appropriations total $\mathbf{\$ 2 2 8 , 7 8 4 , 8 6 3}$ for FY 2015-16 compared to $\$ 229,471,221$ for FY 2014-15, an overall decrease of $\$ 686,358$, excluding transfers. The Requested budget anticipated appropriations would increase $\$ 17,963,855$, but the Appropriated budget is $\$ 18,650,213$ less than this. The following provides broad categories of what changes were made to Requested revenues and appropriations:

## REVENUES

City Funding:
$\begin{array}{lr}\text { City revenues } & \$-18,647,291 \\ \text { Grant/self-funded revenues } & -176,597 \\ \quad \text { Subtotal } & -18,823,888 \\ \text { Police Self-Funded Activities: } & 1,500 \\ \text { Department sponsored seminar } & 8,000 \\ \text { Rent from shared facility } & -193,764 \\ \text { Grant revenues } & \mathbf{- 1 8 4 , 2 6 4} \\ \quad \text { Subtotal } & \mathbf{- 1 9 , 0 0 8 , 1 5 2}\end{array}$

| APPROPRIATIONS |  |
| :--- | ---: |
| City Funding: |  |
| Salaries, overtime, pensions, health, and other benefits | $-9,294,844$ |

| Police Self-Funded Activities: | 304,500 |
| Fund balance used to support operations | 48,000 |
| Rent for shared facility | 1,500 |
| Department sponsored seminar | $-180,325$ |
| Reimbursements to the City for grant/self-funded positions | 173,675 |
| Subtotal | $\mathbf{- 1 8 , 6 5 0 , 2 1 3}$ |
| Total appropriation changes | $\$-357,939$ |

## SCHEDULE 2

Schedule 2 attached hereto focuses on revenues and appropriations provided by the City. The City Council appropriated a total of $\$ 215,255,990$ to the Board compared to $\$ 215,172,247$ for FY 2014-15, an increase of $\$ 83,743$. However, the Requested budget anticipated an increase of $\$ 18,907,631$, which means the final amount is $\$ 18,823,888$ less than what the Department requested. Revenues always match appropriations in City funds, so changes in appropriations explain changes to revenues. Included in the changes was elimination of new pay raises, since no City department budget includes pay raises for FY 201516. Also, Century Towers rent and gasoline will be paid directly by the City in FY 2015-16. Total changes to the Requested budget are broken down by broad category by fund as follows:

| APPROPRIATIONS | General <br> Fund 100 | Parking Garage Fund 216 | Public <br> Safety Sales Tax Fund 232 | Police Drug Enforcement Fund 234 | Police <br> Grants <br> Fund 239 | All City Funds Total |  |

## SCHEDULE 3

Schedule 3 attached hereto reflects FY 2015-16 Treasurer's Account revenues of $\$ 12,559,503$ as well as appropriations of $\$ 13,528,873,63 \%$ of which is remitted to the City. The net increase of $\$ 173,675$ in appropriations to the Requested amount is due to use of fund balance, rent associated with revenue on a shared facility, a Department-sponsored seminar, and changes in amounts for grant-funded positions in the General Fund and Police Drug Enforcement Fund as follows:

## CONCLUDING REMARKS

The General Fund provides most of the appropriations to operate the Police Department, and appropriations increase by $\$ 228,113$ compared to the FY 2014-15 Adopted budget. The City provided supplemental appropriations of $\$ 2,385,000$ in FY 2014-15, which means the upcoming budget represents a real decrease of $\$ 2,156,887$. As a result, FY 2014-15 pay raises of $\$ 1.7$ million agreed to in the Settlement Agreement and Release are not funded, health insurance premium increases of $\$ 1.5$ million are not funded, and $\$ 8.3$ million under funding in FY 2014-15 covered by one-time resources is not funded.

Funding is not adequate to pay members currently employed. For instance, the annual direct cost in FY 2015-16 for members currently employed is $\$ 153,207,790$, yet only $\$ 145,516,499$ was funded. In addition, workers' compensation and overtime are under funded, resulting in a shortfall of almost $\$ 7.8$ million. Options under consideration to balance the upcoming budget include a reduction in force (RIF).

The Board is required to adopt a budget on or before May 1 of each year. A formal budget adoption document will be provided for the April 13, 2015 Board meeting. The FY 201516 Appropriated budget from all sources will be $\mathbf{\$ 2 2 8 , 7 8 4 , 8 6 3}$ as shown on Schedule 1 attached hereto.

## SUBJECT: Requested Budget for Fiscal Year 2015-16

As required by Section 84.500 of the Revised Statutes of Missouri (RSMo), accompanying this transmittal letter is a report on the financial requirements of the Kansas City, Missouri Police Department (the Department) for the fiscal year (FY) beginning May 1, 2015. RSMo Section 84.730 requires the Board of Police Commissioners (the Board) submit to the City of Kansas City, Missouri (the City) a budget estimating the sum of money necessary next fiscal year to enable the Board to discharge the duties imposed upon it by RSMo Chapter 84 and to meet the expenses of the Department. The accompanying financial requirements provide the Board the documentation necessary to submit its budget to the City.

## I. BUDGET OVERVIEW

Relationships...I intend to continually develop relationships and partnerships with individuals, groups, and public safety agencies to reduce violent crime and make Kansas City the safest city it can be. The best example of developing relationships to reduce violent crime is the Department's participation in the Kansas City No Violence Alliance (KC NoVA). KC NoVA has built and continues to build relationships with individuals, community organizers, outreach groups, academia, and public safety agencies to proactively analyze, identify, and prevent the cycle of violent crime and retaliation. There are too many participants in KC NoVA to name, but I am telling you today that the work being done is reducing violent crime.

Another type of relationship comes by way of relating data accumulated throughout the Department to identify crime patterns and predict or prevent crime. This is why I established the Law Enforcement Resource Center (LERC), to develop relational data analysis and share the results. LERC provides real time crime sharing information to assist and improve patrol and investigative decision making. Funneling internal and external data to one place and providing LERC with the technological tools to process and distribute this back out helps to make deployment of resources more precise, which leads to proactive policing. LERC is still in its infancy and will require additional resources as it expands its capabilities to bring in and analyze more information.

## Kansas City Police Department

Requested Budget for Fiscal Year 2015-16
Page 2 of 8
These are not new initiatives, but cannot reach their full potential without adequate funding. The budget I am requesting for FY 2015-16 adequately funds Department operations. Without adequate funding, the Department ends up in the proverbial position of "robbing Peter to pay Paul." Continued relationship building requires more General Fund appropriations as outlined in the following section.

## II. GENERAL FUND

The General Fund requested budget is $\mathbf{\$ 2 2 1 , 2 0 1 , 4 6 0}$. This is an overall increase of $\$ 19,456,196$ or $9.6 \%$ to the FY 2014-15 adopted budget. When compared to the Department request of $\$ 216,232,181$ for FY 2014-15, the increase would only be $2.3 \%$; however, the City was unable to find appropriations to fund all of the FY 2014-15 request. As a result, this unfunded amount of over $\$ 9.7$ million for items such as health insurance, efficiencies, vehicles, and CAD/RMS is once again included in the FY 2015-16 requested budget.

Over $90 \%$ of the General Fund is allocated to personnel costs. Even though requested funding reflects a large increase, the budget still requires averaging 32 law enforcement and 52 civilian vacancies. In addition, the Department eliminated 31 civilian positions since this time last year. Schedule 8 provides a detailed comparison of changes to appropriations by line item. Major changes are shown below and summarized in Table 1:

- Pay adjustments agreed to in the Settlement Agreement and Release will be fully implemented by the end of FY 2014-15 and will require an increase of $\$ 3,161,099$ to salaries and benefits.
- A cut of over $\$ 1.5$ million to health insurance in FY 2010-11, the year before the Board agreed to health consolidation, has never been restored, and continual under funding since then resulted in FY 2014-15 under funding of \$2,015,247.
- The FY 2014-15 budget was reduced by $\$ 10.6$ million for salary savings and efficiencies, which is $\$ 4,943,471$ more than can be absorbed unless more than the aforementioned 84 positions are held open next year. Also, eliminating 31 civilian positions reduced salary savings below what recent trend lines would otherwise predict, and this action also reduced amounts for salary and benefits which would be offset by salary savings.
- Pay raises for eligible members not at top step include a step increase on a member's anniversary date costing $\$ 1,985,245$, and a $2.5 \%$ cost of living adjustment is provided at mid-year for member's at top step at a cost of \$1,414,768.
- Assuming an increase of $5 \%$ to health insurance premiums will cost $\$ 1,103,317$.
- Overtime has basically remained the same as in FY 2010-11 and needs to be increased by $\$ 368,733$ to reflect subsequent pay raises, staffing otherwise vacant positions, and new endeavors related to combatting violent crime.

- Workers' compensation has not increased since FY 2011-12 and the increase of \$80,000 will help cover medical care given injured Department members.
- The Department needs to replace about 200 vehicles each year at a cost of \$5,000,000. The Public Safety Sales Tax (PSST) Fund provides \$1,000,000 annually, \$2,000,000 is requested in the General Fund, and the remaining $\$ 2,000,000$ is in a Decision Package.
- The CAD/RMS system requires either a major upgrade or replacement, and $\$ 800,000$ is included to fund the first year of this multi-year process.
- Technology deployed throughout the Department is reflected in ever increasing licensing of $\$ 1,001,491$, including recent costly upgrades to Microsoft Windows 7 and Office.
- The City is in the process of selling a building occupied by the Department, which means a replacement is required at a rental cost of $\$ 155,657$. In addition, the Department anticipates an increase of $\$ 64,651$ in rent at the Century Towers location.
- All other accounts in Schedule 8 net to an increase of $\$ 362,517$.

The Department's budget includes numerous other funds in addition to the General Fund. The other funds supplement the General Fund for programs that might not otherwise be accomplished. Other funds are shown in the next two sections.

## III. OTHER CITY FUNDS

General Fund plus other City funding total $\$ 234,079,878$ as shown in detail on Schedule 2. Other City funds totaling $\$ 12,878,418$ are detailed by combined line item on Schedule 9 and consist of the following:

- The Parking Garage Fund funds six positions and vehicle maintenance to enforce parking regulations in the downtown area.

- The PSST Fund provides equipment for North Patrol, and supports fleet, helicopter, building operations, and technology costs which used to be funded in the General Fund.
- The Police Drug Enforcement Fund from the COMBAT sales tax supports DARE and drug enforcement efforts, including shutting down drug houses.
- The number of grants awarded the Department is about the same, but the amount of funding in each grant is trending down as shown below for the Police Grants Fund. A list of grants may be found in the Police Grants Fund section of the budget.

## IV. OTHER FUNDS THAT ARE SELF-FUNDED (TREASURER'S ACCOUNTS)

Self-funded appropriations total $\$ 13,355,198$ as shown in detail on Schedule 3. These activities involve situations where the Board directly contracts with grantors, collects fees for services, receives federally forfeited property, etc. and are included only on the Board's books. These non-City appropriations are also known as "Treasurer's Account Appropriations" or "T-Accounts." Most costs in the Treasurer's Account are payments to the City for grants and code enforcement efforts regarding alarms, parades/traffic escorts, and private officer licensing. The City records the payments as revenue on its books, and in return provides appropriations back to the Department. Grant funding reductions account for most of the changes in Table 3.

To summarize, City appropriations plus self-funded appropriations result in a total requested budget for FY 2015-16 of $\mathbf{\$ 2 4 7 , 4 3 5 , 0 7 6}$ as shown in detail on Schedule 1.

## V. NUMBER OF PERSONNEL

Table 4 reflects the number of full time Department positions requested for FY 2015-16 compared to FY 2014-15. Adjusted numbers for FY 2014-15 reflect changes between when that budget was first submitted and its adoption. This information is included to reflect staffing levels at the start of FY 2014-15.

A total of two grant funded law enforcement positions were eliminated due to funding reductions in the KC Interdiction Program and Rose Brooks grants. Thirty civilian positions were eliminated just prior to the start of the current year, one more has been eliminated in the current year, and a net of one grant/self-funded was lost. One of the two positions previously charged out to the City for radio maintenance is no longer supported by charge outs. The other charge out involves someone for vehicle serial number identification at the City's tow lot.

## VI. KEY ISSUES

The Department faces a number of key issues that need to be addressed immediately. City budget preparation instructions said to include these in this transmittal letter.

- KC NoVA - KC NoVA has operated using a combination of private grants, federal grants, and staff provided by participating agencies. Private grants have been used to cover the costs of some case workers and all client deliverables. Federal grants have been used to also cover costs of case workers. Less grant funding is available for case

Page 6 of 8
workers and client deliverables. More stable resources are needed for front line costs of case workers and deliverables to be able to provide services that help KC NoVA succeed.

- Pensions - The latest ARC (actuarial required contribution) is not available at this time. As a result, the accompanying budget uses current rates of $27.35 \%$ for sworn law enforcement and $17.96 \%$ for civilian. It is anticipated the City will adjust the amount requested once new ARC rates are available.
- CAD/RMS Software Systems - The Tiburon CAD/RMS system was a joint acquisition with the City for use mainly by Police and Fire. The main functionalities used by the Department include computer-aided dispatch (CAD), records management system (RMS), and corrections management/booking system (CMS). The current software was a compromise between Police needs and Fire needs. Fire no longer uses the system, leaving Police to find another product that would allow for better information flow and integration with current endeavors such as LERC. The system is now at a point where its technology and architecture cannot sustain the demands placed upon it. A Department proposal submitted in December 2013 is currently under discussion with the City, and the conversations resulted in some changes to this proposal in order to identify the best way forward. The requested budget for FY 2015-16 includes \$800,000 to commence this replacement, which is the same as last year's unfunded request. The overall project is expected to cost around $\$ 12-\$ 13$ million with maintenance.
- Rapid Fingerprint Identification - The Department is evaluating a rapid fingerprint scanning system to quickly identify individuals and capture field prints. The system can be used for e-ticketing and ID capture, subject identification, building security and visitor tracking, Crime Scene Investigation, and Detention ID verification. This system will provide an additional layer of safety for officers by allowing them to know immediately who it is they are dealing with. The estimated acquisition cost is $\$ 1.5$ million.
- Network Security and Monitoring - The Department is evaluating network monitoring tools that will provide real-time/anytime intrusion detection, and performance and network health monitoring. Additionally, these tools offer configurable user permissions to assist with network security. The estimated acquisition cost is $\$ 250,000$.
- PeopleSoft - The Department and City are exploring ways to convert the Department's accounting software to PeopleSoft, which is used by the City. Cost considerations have slowed this process, and ways to reduce implementation costs are being explored.
- Detention Consolidation - The Department and City developed a plan in cooperation with Jackson County to eliminate the detention facility at Police HQ. The Department will reopen holding cells for non-violent offenders at three patrol divisions, and provide additional staff at a Jackson County facility to manage offenders transferred there from the patrol divisions. Although this transition is not yet complete, the FY 2015-16 requested budget anticipates it will.

## Kansas City Police Department

Page 7 of 8

- Police Foundation of Kansas City - The Department was the recipient of a donation of $\$ 125,000$ during FY 2014-15, which the City matched dollar-for-dollar resulting in $\$ 250,000$. It benefits everyone to have a partner like the Police Foundation and have the City show its support through a matching contribution. As new needs arise, additional sources of funding such as the Police Foundation are greatly appreciated.

## VII. DECISION PACKAGES

The following programs, although important to the Department, have not been included in the overall amount requested for FY 2015-16. City budget preparation instructions requested a summary of each issue's purpose and financial considerations. The Department was unable to identify any existing funding that could be redirected to support the following:

1. KC NoVA case workers and all client deliverables require additional resources for the program to succeed. The decision package amount of $\$ 250,000$ is the net amount required assuming $\$ 150,000$ from a JAG grant continues each year.
2. The Department needs to replace 200 vehicles each year at a cost of $\$ 5,000,000$ in order to remove high mileage and older vehicles that are more prone to downtime and cost more to repair and maintain. Funding provided in the PSST Fund annually is enough to replace about 40 vehicles each year. To address this need, the FY 2015-16 budget includes $\$ 1,000,000$ in the PSST Fund, $\$ 2,000,000$ in the General Fund, and requests the remaining $\$ 2,000,000$ in a Decision Package.
3. E-Ticketing was launched in the fall of 2011. The software is ready for its first major upgrade, but it will not work on the old devices. The Department is testing various replacement devices and should have a decision on one during next fiscal year at an anticipated cost of $\$ 250,000$. The device selected will also be able to use the latest in fingerprint identification technology.
4. Testing of body cameras and digital storage of the images could begin if $\$ 50,000$ were appropriated to the Department. Testing would identify the most useful system and provide information regarding storage needs. If testing determines use of body cameras is feasible, the Department will subsequently provide information regarding the cost for full scale deployment wherein the major cost will be for image storage.
5. Additional staffing is needed in Information Technology to address security issues regarding maintenance, network access, data storage, and sharing of information. More robust safeguards require a computer services specialist, network administrator, database administrator, and quality assurance administrator. The computer services specialist would maintain, upgrade, and monitor applications to prevent virus attacks and security breaches. The network administrator would manage and maintain firewalls, gateways, and other access points. The database administrator would assign and control user access, and secure the databases. The quality assurance administrator would evaluate and coordinate processes to help optimize system security and performance, as well as providing "how to" information for users.

## VIII. FINAL THOUGHTS

The FY 2015-16 budget request I have outlined above supports, improves, and advances the Department's Vision Statement which is, "To make Kansas City and the metropolitan area the safest in the nation as a result of the efforts of the Kansas City, Missouri Police Department and its many partners." Last year's budget for FY 2013-14 allowed the Department to begin FY 2014-15 with adequate staffing. However, $\$ 9.7$ million in unfunded needs for FY 2014-15 will cause stressful reductions in staff by the start of FY 2015-16. If additional funding for FY 2014-15 and the increases requested for FY 2015-16 do not materialize, the momentum will be lost. It would be a terrible thing to lose the progress being made and perhaps abandoning fruitful relationships due to lack of staffing. Over $90 \%$ of the Department's General Fund budget goes to personnel costs, so the only way to absorb under funding is to cut staffing. The FY 2015-16 budget request holds open an average of 84 positions. I have previously eliminated 22 non-sworn entrant officer and 31 civilian positions, which are no longer reflected anywhere in the budget. I see nowhere else to cut.

I recommend the Board approve this budget document for submission to the City to meet the needs of the Department in the ensuing fiscal year as required by RSMo Chapter 84. Total requested funding is $\$ 247,435,076$ of which $\$ 221,201,460$ is for the General Fund, $\$ 12,878,418$ from other City funds, and $\$ 13,355,198$ from Treasurer's Accounts.

## Activity: Office of Community Complaints 1005

The Board established the Office of Community Complaints (O.C.C.) in 1969 to comply with the requirements of RSMo Section 84.430, which mandates that, "The board will hear all complaints and charges against any member of the police department." Thus, under the authority of the Board, O.C.C. is responsible for protecting citizens from the possibility of abuse or misconduct on the part of members of the Department and to protect the members of the Department from unjust and unfair accusations which may be lodged by individuals.

As an oversight agency for the Board, the Department, and the Kansas City community, O.C.C. receives and reviews complaints filed against officers or members of the Department and makes determinations as to whether those complaints should be formally investigated, mediated, or conciliated. In essence, O.C.C. is committed to effectively and impartially resolving all complaints involving a misunderstanding/dispute between an individual and member(s) of the Department. O.C.C.'s goal is to at all times provide professional and appropriate customer service to the Board, the Department, and the community.

## Program: Office of the Chief of Police 1010

The Chief of Police commands a Department comprised of over 2,100 employees. The City of Kansas City, Missouri ("the City") has a diverse population of about 459,000 and extends over an area consisting of about 318 square miles within four counties. The Chief of Police reports to the Board. The Office of the Chief of Police is responsible for the proper and timely execution of the policies, duties, and responsibilities established for the administration of the Department. The Office of the Chief of Police provides quality and effective support to the various elements of the Department, the Board, and the community.

Under the current organizational structure, the Office of the Chief of Police oversees five bureaus. Those bureaus are the Executive Services Bureau, Administration Bureau, Professional Development and Research Bureau, Patrol Bureau, and Investigations Bureau. Each bureau is organized into divisions, which, in turn, are divided into units and sections/watches. The Office of the Chief of Police also oversees an Office of General Counsel, Executive Officer, and Office of Special Projects.

## Activity: Office of General Counsel / Municipal Court Liaison 1010

The OGC's attorneys are responsible for reviewing personnel actions upon request of Command and the prosecution of disciplinary actions against Department members. The OGC oversees and coordinates the handling of civil litigation filed against the department, Board and department members and is involved in decision-making regarding settlement of civil claims and lawsuits. The OGC attorneys appear in court on a frequent basis, for example, to file lawsuits against persons responsible for damaging department-owned property (such as motor vehicle accidents) and to quash subpoenas, respond to expungement actions, or in response to court orders. The OGC attorneys write and review hundreds of contracts, memoranda of understanding, and grant documents each year. Attorneys in OGC respond to all officerinvolved shootings and also respond to other critical incidents on an as-needed basis.

Court dates for officer testimony in Municipal Court and other matters involving the Municipal Court and its judges are coordinated by a detective assigned to OGC. This detective acts as Municipal Court Liaison. The detective also reviews audio and video before the records are disclosed to requestors, delivers Board materials, works with the Private Officer Licensing Unit on inspections, acts as security for the Mayor's Detail, and performs tasks for the OGC and Chief's Office on an as-needed basis.

The Office of General Counsel administers the Department's self-retention program for liability and vehicle damage claims. Commercial insurance is purchased for non-realty property (building contents, etc.) coverage. The City insures buildings, which it provides to the Department. The OGC attorneys and legal assistants are frequently asked to report on various risk-management issues, such as contributing ideas to reduce the cost of litigation, workers' compensation claims, and recovering money owed to the Department for damage to Department-owned property.

## DEPARTMENT OF POLICE EXECUTIVE SERVICES ACTIVITY DESCRIPTION

## Program: Executive Services Bureau 1030

The Executive Services Bureau is comprised of three elements: Fiscal Division, Logistical Support Division, and Building Operations Unit. The Bureau is responsible for the day-to-day financial operations of the Department, including payroll, payment of pensions, and FICA taxes, as well as building operations, including the cleaning, maintenance, and security of Department facilities. The Bureau is also responsible for communications, radio installation and radio repairs, fleet operations, detention, and property and evidence.

## Sub-program: Fiscal Division 1040

The Fiscal Division Office is charged with coordinating matters regarding budget, accounting, payroll, asset forfeiture and seizure, purchasing, supply, and private alarms. The Department uses a centralized approach for the Budget, Accounting, and Purchasing Sections to ensure compliance with statutes, Board directives, and internal controls in these areas.

## Activity: Budget Unit 1045

The manager of the Budget Unit oversees the operations of the Budget Preparation \& Control Section and Alarm Licensing Section.

## Budget Preparation \& Control Section 1045

The Budget Preparation \& Control Section is responsible for the preparation of the Department's annual budget request and continual review of expenditures and budget balances as each relates to appropriated funds. This section also verifies the Department's payroll before each payday and keeps track of every position on the Department.

## Alarm Licensing Section 1012

The intent of City Ordinance 970277, which went into effect on July 1, 1997, was to reduce the number of false alarm calls by promoting responsible actions on the part of the alarm companies and alarm users. At the direction of the Board, the Alarm Licensing Section was formed for the purpose of administering the provisions of the ordinance.

Alarm Licensing Section personnel issue permits to alarm users and ensure that alarm companies and users are in compliance with the City's permit ordinances. The section manages alarm records of over 52,000 permit holders and daily updates alarm permit records with alarm dispatch requests, which are under 14,000 annually. The section also conducts False Alarm User Awareness Classes and System Performance Reviews for alarm users who experience excessive false alarms.

## Activity: Financial Services Unit

The captain of the Financial Services Unit oversees the operations of the Accounting \& Payroll Section, Asset Forfeiture, Purchasing Section, and Supply Section.

## Accounting \& Payroll Section 1049

The responsibilities of the Accounting \& Payroll Section fall into four main categories: Accounting, Payroll, Grants, and Asset Forfeitures. The section processes all financial transactions for the Department. It ensures Department and statutory policies are complied with regarding acquisition and payment for goods and services. The section processes the Department payroll biweekly. The section also ensures payment of withholding taxes to various governmental entities. Grants are monitored and billed within the section to ensure accuracy and compliance with grant financial guidelines. Asset forfeitures are processed within the section.

The section also performs numerous ancillary functions, including preparing Department financial statements, arranging for Department travel, monitoring travel, training, and discretionary expenditures, and working on numerous special requests for information. The section maintains the Department financial computer system and the accounting internal control systems.

## Purchasing Section 1050

The Purchasing Section is responsible for the procurement of equipment, materials, supplies, insurance, and contractual services used by the Department. These acquisitions may be completed through the formal bid process or by direct purchase using sound procurement practices to maximize, to the fullest extent, the purchasing value of public funds. The Purchasing Section is also responsible for the testing and evaluation of selected equipment and the coordination for delivery of specified products.

## Supply Section 1050

The Supply Section/Warehouse maintains a store of goods, which supports the operation of the Department. The Supply Section is responsible for providing equipment, uniform needs, and office supplies for over one hundred elements. The warehouse provides printed materials and paper needs for the Department. The Supply Section also repairs and maintains over 4,000 firearms used by Department members. Meeting these needs requires sound controls over inventory, shipping, receiving, and restocking.

The needs of the Department are constantly changing and evolving as new technology is developed to improve both the safety of the police officer and the public. The Supply Section evaluates new products and reviews safety issues to better support the needs of the Department.

## Sub-program: Facilities Management \& Construction Division 1070

Currently assigned to the Patrol Bureau.

## Activity: Capital Improvements Unit 1071

Currently assigned to the Patrol Bureau.

## Activity: Building Operations Unit 1072

Building Operations Section 1072
The Building Operations Unit is responsible for over 1 million square feet of working and operational space. This includes the parking lots and grounds of 31 different facilities. The primary goal of the unit is to provide customer service to employees of the KCPD and the citizens of the community. The Unit's mission is to provide maintenance and janitorial services that promote a safe environment allowing for maximum efficiency.

Building Security Section 1073
The Building Security Section is responsible for the overall security of the Headquarters and Communications Buildings. The section is the central repository for all CJIS Federal Requirements. All non-department employees are screened, documented and allowed access rights through the Building Security Section.

## Sub-Program: Logistical Support Division 1220

The Logistical Support Division coordinates matters regarding fleet, radios, 9-1-1 calls, property and evidence, and detention.

## Activity: Fleet Operations Unit 1222

The Fleet Operations Unit is responsible for the acquisition, maintenance, repair, and disposal of vehicles, along with ordering and stocking the necessary parts and materials to support the fleet. On average, 10,000 repairs are completed annually. Primary goals include maintaining the Department's fleet in a high state of readiness and repair by maximizing available resources to their fullest. In addition, some specialty work is done on covert vehicles leased by the Department and other equipment such as generators. The Fleet Operations Unit is also utilized for special projects when metal fabrication may be necessary. The body shop is responsible for a variety of body and fender repairs ranging from door dings to reconstruction, when cost effective.

The Fleet Operations Unit operates on a 24-7 basis. Monitoring of City owned underground fuel tanks and EPA compliance is handled by this unit. The police service station is a satellite operation that is managed from the unit. It provides around the clock fueling service, towing service, and preventive maintenance to the entire fleet. The Fleet Operations Unit assembled two specialty show vehicles that are shown as its contribution toward Community Policing efforts. These vehicles allow unit members to interact with people from diverse communities within the City.

## Activity: Communications Support Unit 1224

Communications Support Unit provides the infrastructure management; technical operation, installation, and maintenance of the Missouri Zone of the Metropolitan Area Regional Radio System (MARRS). This system provides Public Safety and Public Service communications for all Kansas City radio users. This includes Police, Fire, MAST, Aviation, Public Works, Parks and Recreation, Solid Waste, Water, and other City departments. Communications Support also manages the MARRS system database for Platte County, Clay County, Independence/Blue Springs, Jackson County, and Cass County. MARRS provides interoperable communications with Johnson County, KS and a small number of State and Federal users. The MARRS system currently encompasses 22,000 users.

Communications Support provides installation and repair of all mobile radio and repeater equipment used by KCMO. We provide technical support and training to users as required. We also install, service, and repair camera systems, siren and emergency lighting systems, radar systems, mobile data terminals, vehicular data networks, alarms, and GPS systems.

## Activity: Detention Unit 1225

Assigned to the Patrol Bureau in the next budget cycle.

## Activity: Property \& Evidence Unit 1226

The Property \& Evidence Section has the responsibility of receiving and storing all evidence, confiscated property, and unclaimed property recovered by members of the Department. In addition, the section is charged with ensuring that evidentiary items recovered are stored and secured in such a manner that their value is retained and that other items are protected from damage and loss. Members of the section are also responsible for attempting to locate owners of unclaimed property and for final disposal of items.

## Activity: Communications Unit 1250

The Communications Unit is the primary answering point for 9-1-1 calls placed within the geographical boundaries of the City. All 9-1-1 calls are received by the Communications Unit with those calls intended for Fire/EMS transferred to their communications facility. Department call takers also process incoming non-emergency calls for police assistance as well as administrative calls received via the Department switchboard. In fiscal year 2009-10, the Department assumed the duties for dispatching Animal Control calls at the request of the City.

The Telephone Service Officer (TSO) Section of the Communication Unit provides a means to alternatively handle some 9-1-1 calls by taking police reports where no officer response to the scene is necessary, providing information about police related matters, and giving directions.

Call takers and dispatchers use a computer aided dispatching system (CAD) that is funded by the City and interfaced with the Fire Department. Police's CAD system allows for transferring call data between the two departments and the ability to provide a coordinated response to a variety of incidents which require a mutual response. Dispatchers receive calls for service from the call takers via the CAD system and dispatch the appropriate officers from
the respective patrol divisions. Dispatchers use the CAD system to manage these calls for service as well as record self-initiated activity by field units.

## DEPARTMENT OF POLICE PROFESSIONAL DEVELOPMENT \& RESEARCH ACTIVITY DESCRIPTION

## Program: Professional Development \& Research Bureau 1440

The Professional Development and Research Bureau is comprised of two Divisions: the Training Division and Research and Development Division. The Training Division provides basic law enforcement training for new recruits and continuing education for internal members and external agencies that focuses on current best practices in law enforcement. The Youth Services Unit is included within the Training Division. This unit provides youth with life skills, sporting, and drug resistance education while being mentored by police officers. The Research and Development Division provides procedural and policy proposals, impartial research, and program evaluations.

## Sub-Program: Training Division 1480

## Activity: $\quad$ Training Unit 1480

The Training Unit consists of three sections, the Academic Section, the Professional Training Section, and the Firearms Section.

## Academic Section 1480

The Academic Section provides POST (Peace Officers Standards and Training) for entrant officers of the Department and other regional law enforcement agencies utilizing classroom instruction, training videos, observed performances, practical application exercises, defensive tactics training, and driver training. The section also networks with many Department elements and other law enforcement agencies to identify future training needs and provide appropriate classes.

## Professional Training Section 1480

The Professional Training Section is responsible for meeting the advanced training needs of the Department and ensures all sworn members remain compliant with POST standards by maintaining 48 hours of POST certified training during the three year audit cycle. The section networks with Department elements as well as other law enforcement agencies to identify training needs and provides training through seminars and individual classes. The Professional Training Section also coordinates and conducts sergeant, civilian supervisor, and captain's schools. Driver's Training is part of the section and consists of precision driving I and II courses for recruits, Department members, and outside agencies.

Firearms Section 1480
The Firearms Section is responsible for all firearms training, weapons repair and maintenance for Department members. This includes yearly day and night fire qualifications, yearly officer in-service, recruit training, and training to specialized units as well as providing weapons training and qualification to private security officer working within Kansas City Missouri. The section also provides training and the use of the facility to local, regional, and federal outside agencies.

## Activity: Youth Services Unit 1485

Youth Programs Section 1485
The Youth Programs Section is funded by the General Fund and Police Drug Enforcement Fund. The mission of the section is to provide evidence-based prevention programs such as DARE (Drug Abuse Resistance Education) and GREAT (Gang Resistance Education and Training) to Kansas City students. These programs provide students with information and skills that permit them to make positive decisions and avoid negative influences, allowing them to focus on their strengths and potential. The section works to inspire good decision making and to prevent students from becoming involved in violent behavior, drug and alcohol use, and gang participation. Additionally, the section establishes positive relationships between students and law enforcement, teachers, parents, and other community leaders.

The prevention programs are taught in various public and non-public schools within the Kansas City, North Kansas City, Park Hill, Center, Hickman Mills, and Platte County school districts. Approximately 5,000 students receive prevention programs and services each year.

## Police Athletic League Section 1485

Police Athletic League (PAL) Section personnel are responsible for providing activities for youth that offers them the opportunity to interact with police officers and create positive relationships. This is accomplished through designing programs and building key components in the areas of physical activity, homework assistance and academic enrichment, character development, and arts and cultural activities.

The Police Athletic League of Kansas City is a crime prevention program that provides a safe and supervised environment for youths ages 8-18 to come and participate in a wide range of activities. The program offers youth the opportunity to interact with police officers and create positive relationships by participating in educational, cultural, character development, and sports programs. All programs and activities are designed to instill values of integrity, responsibility, self-motivation and teamwork; with the result of improving the quality of life for at-risk youth and reducing juvenile crime and victimization throughout the entire City.

## Sub-program: Research and Development Division 1495

## Activity: $\quad$ Research and Development Unit 1495

The Research and Development Division is comprised of two sections; the Policies and Procedures Section and the Research Section. The division provides impartial research, program evaluations, policy, and procedural proposals, allowing for informed decisions based on factual data that has been gathered and presented. The information needed to evaluate the efficiency and effectiveness of the Department in accomplishing its mission is given to the Chief of Police and Executive Command. Research and Development Division members are responsible for presenting completed policies and procedures and projects to the Board of Police Commissioners for consideration.

## Policies and Procedures Section 1495

The Policies and Procedures Section is responsible for formulating Department policies and procedures. Policy development is accomplished through the updating and revising of procedural instructions, personnel policies, Department memorandums, and all issued Department written directives through both an informal and formal review process. The section completes surveys and questionnaires from outside agencies, ordinances, statutes, and federal laws relating to law enforcement are reviewed to ascertain their impact on the Department.

Research Section 1495
The Research Section analyzes problems, researches solutions, and makes recommendations to enable management to make effective and informed decisions. It also forecasts trends affecting Department operations and anticipates unique challenges to policing. The section designs, produces, and controls Department forms, and creates illustrations for printed and visual presentations. The section assists the Policies and Procedures Section in updating/researching policies. Several members of the section serve as the Department liaison with the International Association of Law Enforcement Planners (IALEPP), which builds relationships and expands the Department's information sources. The section serves as a conduit for other Department elements to obtain research or survey information from other agencies.

## DEPARTMENT OF POLICE PATROL ACTIVITY DESCRIPTION

## Program: Patrol Bureau 2510

The Patrol Bureau is comprised of eight divisions: six geographically based patrol divisions, the Traffic Division, and the Special Operations Division. Bureau resources are directed toward uniformed patrol functions, the most critical of which is the response to 9-1-1 emergency calls for service. The Bureau also provides for tactical response to critical incidents, traffic enforcement and control, property crimes investigations, and directed patrol activities.

The mission of the Patrol Bureau in partnership with the community is to protect life and property while reducing fear and disorder. By combining traditional policing methods with community oriented policing strategies, the members of the Patrol Bureau are committed to forming partnerships with the community to solve problems and enhance the quality of life in Kansas City neighborhoods.

## Sub-program: Facilities Management and Construction Division 1070

The Facilities Management and Construction Division office is responsible for coordinating the efforts of the Capital Improvements Unit and is currently assigned to the Patrol Bureau.

## Activity: Capital Improvements Unit 1071

RSMo Section 84.450 requires the City to provide the Department with an office and office furniture, as it may need. The Department does not own any of the buildings it occupies. The Capital Improvements Unit is responsible for coordinating and developing capital improvement projects, which include renovations to existing buildings and new construction. The unit oversees projects and coordinates project management to ensure the Department's interests are met. These duties include assisting in planning, bidding, quality control, acting as a liaison between various City departments and private sector, and the monitoring of funds and expenditures for assigned projects.

## Sub-Program: Central Patrol Division <br> Activities: Division Office, Central Patrol 2520

Central Patrol Division encompasses about 15.4 square miles and has a permanent population of nearly 62,000 residents. This population increases to approximately 100,000 to 120,000 each weekday due to numerous businesses and places of interest located within Central Patrol. The division is bounded by the Missouri river on the north, 47th Street/Ward Parkway on the south, State Line on the west, and Wabash on the east.

There are thirty-seven neighborhood groups, twenty business associations, and three community improvement districts in Central Patrol. There is an abundance of retail and entertainment venues in Central Patrol such as the Country Club Plaza, Crossroads Art District, Crown Center, Downtown Loop, Kauffman Center for the Performing Arts, Power and Light District, River Market, Sprint Center/College Basketball Experience, West Bottoms, Westport, and the Westside. Points of interest include Bartle Hall, Kemper Arena/American Royal

Complex, Liberty Memorial, Municipal Auditorium, Nelson Art Museum, and Union Station. Central Patrol is also home to a number of large corporations including American Century, H\&R Block, UMB, Commerce Bank, Utilicorp, DST, and Hallmark as well a many federal, state, and local government offices.

Central Patrol Division and its citizens have established a solid community policing partnership that not only facilitates the current needs of the community, but also looks to the future. Officers and sergeants attend several community meetings each month to deliver crime updates and receive information about crime in the community. There are numerous ongoing projects in the division that exemplify officers working in concert with the residential and business community, as well as in collaboration with local, state, and federal agencies. For instance, there are problem-solving initiatives involving many apartment buildings along Armour Boulevard, the Paseo corridor, as well as downtown. One in particular, the Downtown Community Task Force, is a group that teams with social service agencies, faith-based organizations, the Mayor's office, mental health providers, and area businesses to deal with the division's homeless population.

Others include the Gateway Crimes Task Force was sponsored by a City Councilman with a focus to stabilize and improve Kansas City's neighborhoods by addressing activities that are considered gateways to greater criminal involvement. The Task Force is comprised of representatives from law enforcement agencies, including the Central Patrol Division, the court system, school districts, neighborhood leaders, social service agencies, City Council members, and City staff.

Central Patrol distributes a Daily Crime Report to the community. The Daily Crime Report is distributed to effectively communicate and partner with the community to address and prevent crime. This informative report contains a list of crimes committed during the last 24 hours. The report also contains crime maps, crime prevention techniques, and informative public safety topics. The Daily Crime Report is reviewed by approximately 15,000 residents a day and distributed to all neighborhood and business associations who wish to participate.

Central Patrol has partnered with the Central Industrial District and the Westbottoms Business Association (CIDA/Westbottoms Initiative) since 2008 to address and reduce crime and disorder. Since starting this initiative, all crime categories have seen a minimal reduction of $50 \%$. Utilizing the City Municipal Court's Metropolitan Community Service Program (MCSP), the division has removed over 126,600 pounds of trash and illegally dumped materials, 2,198 tires, and covered/removed over 200 pieces of graffiti.

Central Patrol uses the Sectors As Teams philosophy. This concept was introduced to enhance communication between officers and sergeants on different watches. Division personnel meet on a regular basis to discuss crime problems on their watch and formulate strategies to address the problems.

Property Crimes Section detectives investigate property crimes cases and prepare these for prosecution. Detectives work with patrol officers to receive information on residence and non-residence burglaries, property damage, and some classifications of stealing. Detectives work with the division's crime analyst to determine patterns and identify possible suspects.

Officers are assigned within Central Patrol as community policing action team (CAT) officers. These officers, working in pairs, are assigned to work within designated sectors within
the division. The officers oftentimes ride bicycles while answering calls for service or working to solve problems within the assigned areas.

There are two Community Action Network (CAN) Centers within division boundaries. Police officers and a Project Neighborhood "Mobilizer" staff the CAN center. The Mobilizer is a non-police citizen who is educated to provide community related referrals and also functions as a resource provider. The CAN officers are involved in traditional police work and also serve as first line partners that link the community and Central Patrol.

The Target Oriented Policing Squad (TOPS) remains a valuable tool for the division. As the name implies, TOPS focuses on problems such as tracking down and arresting individuals involved in serious felonies, and work to reduce specific crime patterns in the division.

Officers on the day shift are assigned to apartment complexes run by the Housing Authority of Kansas City. These officers work within the boundaries of federally-funded properties in the division. Keeping in line with the division's focus on community policing, these officers work with the community to improve the quality of life for those living in the properties, while working closely with the Housing Authority's Department of Public Safety.

Officers are assigned to the Crime Free Multi-Housing Unit. These officers act as a liaison between the Department and the management and owners of residential rental properties. The officers respond to problems with rental properties brought to light by other patrol officers, citizens, and neighborhood groups. The officers also offer a three-phase program to both owners and management. The first phase of the program provides education to owners, managers, and employees of rental properties. The second phase consists of surveying the properties using the "crime prevention through environmental design" standards. The final phase is a safety social hosted by the rental property owners for their residents.

Downtown Foot Beat officers handle calls for service within the Downtown loop during the day and evening hours. Officers work closely with the downtown business community, convention center, and organizations such as the Downtown Council and Central Improvement District.

## Sub-Program: Metro Patrol Division <br> Activities: Division Office, Metro Patrol 2530

Metro Patrol Division encompasses about 35 square miles and is home to approximately 97,000 residents. The boundaries of Metro Patrol Division are Emanuel Cleaver Blvd/Blue Parkway on the north, State Line Road on the west, Blue Ridge Boulevard on the east, and 95th Street on the south. Areas of interest located within the division are the Kansas City Zoo, Swope Park, University of Missouri at Kansas City, Rockhurst University, Ward Parkway and Landing Shopping centers, MRI Global, Stowers Institute, Kauffman Foundation, and the Brush Creek Revitalization Project.

The emphasis on community oriented problem solving is reinforced daily through contact with business and home associations, and neighborhood and block watch groups. Officers work with these organizations on such topics as home security, personal safety, shoplifting, drug and gang problems, school presentations, and developing relationships that promote a sense of cohesiveness in the community. Community policing within Metro Patrol Division is the responsibility of every division member.

Property Crimes Section detectives investigate property crimes cases and prepare these for prosecution. Detectives work with patrol officers to receive information on residence and non-residence burglaries, property damage, and some classifications of stealing. Detectives work with the division's crime analyst to determine patterns and identify possible suspects.

Through a variety of approaches, members and the community are exposed to community oriented problem solving techniques with the ultimate goal being to provide police service in consultation and collaboration with the community whenever possible. Partnerships with neighborhoods, governmental agencies, schools, and businesses continue to grow and evolve with community incentives such as the Community Police Action Cooperative (CPAC) and the Swope Community Builders (SCB) who have played a large part in improving the quality of life of many people who live and work in south central Kansas City.

Metro Patrol has two Community Action Network (CAN) Centers. The first is the 49/63 CAN Center at 5418 Lydia and the second is the Blue Hills CAN Center at 5814 Euclid. These CAN Centers are each staffed by Metro Patrol officers who work closely with CAN team leaders from the community and other agencies to improve the quality of life in the areas they encompass. Metro Patrol officers are also heavily involved in community policing and work with citizens, neighborhood leaders, and various agencies to solve crime and quality of life issues within the Metro Patrol Division.

Crime free multi-housing officers have been assigned and work to improve the quality of life by making apartment complexes safer. These officers work closely with property managers and district officers to facilitate problem solving techniques.

## Sub-Program: East Patrol Division <br> Activities: Division Office, East Patrol 2540

East Patrol Division encompasses about 45 square miles and is home to approximately 94,000 culturally diverse residents. The boundaries of the Division are Wabash Avenue on the west to the east city limits, and the Missouri River on the north to 47th Street on the south, plus the area of U.S. 40 Highway on the north, 75th Street (Little Blue Road) on the south, Woodson Avenue on the west, and Lee's Summit Road on the east. East Patrol is dedicated to a focused deterrence model of crime prevention and enforcement. Weekly crime information sharing and response collaboration meetings are held to focus officers' response to identified criminals and criminal activity.

East Patrol Division appreciates its close working relationship with over 30 active community groups. This is a result of the Division's approach to crime reduction, partnerships formed between the police and community, as well as the involvement of the Community Interaction Officer (CIO) and specialized units within East Patrol. The CIO is a vital asset in bringing police and community together by attending neighborhood association meetings and events, conducting business and residential security surveys, putting on intruder response classes in the schools and churches, and teaching women's safety classes. Division officers have reached out to the community to locate problem areas and work on solutions together by signing community partnership agreements. Additionally, numerous neighborhood clean ups
have taken place utilizing Metropolitan Community Service Program workers. Officers are working in designated hot spot areas making positive citizen contacts along with making felony arrests of career criminals. This has helped the Division and the Department move toward the strategic plan goal of improving the relationship between the public and police.

East Patrol has a Community Action Network (CAN) Center located at 3449 Indiana where two Community Action Network (CAN) Officers are assigned and focus on community policing efforts by working closely with various community organizations.

Property Crimes Section Detectives investigate property crimes cases. Upon completion these cases are submitted to the Prosecutors Office for the filing of charges. Detectives work with patrol officers to receive information on residence and non-residence burglaries, property damage, and some classifications of stealing. Detectives work with the division's crime analyst to determine patterns and identify possible suspects.

East Patrol has four School Resource Officers (SRO) in two of the public high schools located within the boundaries of the Division (Central and Northeast High Schools). The SRO's responsibility is to improve the image of the law enforcement officers in the eyes of the students and community. EPD has two officers assigned to Crime Free Multi-Housing. In addition to responding to calls for service, community oriented policing is an integral function of this division. Division personnel work closely with community leaders, neighborhood associations, and businesses to identify and solve problems. Interaction with over 100 neighborhood associations and literally hundreds of block watch programs has been the key to reducing crime and improving the quality of life of residents.

Property Crimes Section detectives investigate property crimes cases and prepare these for prosecution. Detectives work with the division's crime analyst to determine patterns and identify possible suspects. The section also conducts Missouri Department of Revenue retail auto lot inspections and VIN certifications.

The Target Oriented Policing Squad (TOPS) is a valuable tool for the division. The squad focuses on target oriented policing and problem solving by working proactively to identify and solve problems using community input and crime analyst data to select targets for action. The squad uses surveillance, bicycle patrol, and targeted self-initiated activity to pursue goals. Officers also network with other agencies and communities to solve common problems.

Crime-free multi housing officers are assigned to South Patrol to work with management and owners of residential rental properties. These officers work closely with other agencies such as HUD to solve problems in the neighborhoods and rental communities. Officers are implementing a three-phase program which includes education and training for property managers, crime prevention through environmental design analysis of properties, and safety programs for renters.

South Patrol Division strives to provide excellent customer service, proactively identify crime patterns, and develop fast, efficient plans to address those patterns, with the goal to reduce crime and disorder to improve overall public safety and quality of life.

Innovative community oriented policing tactics have been successful in maintaining a high quality of police service. Division personnel have initiated a close working relationship with many community organizations.

Property Crimes Section detectives investigate property crimes cases and prepare these for prosecution. Detectives work with patrol officers to receive information on residence and non-residence burglaries, property damage, and some classifications of stealing. The growth of the northland area has caused corresponding traffic congestion and crime related problems. An example of this is at I-35 and 152 Highway which includes retail development, restaurants, and residential expansion into the surrounding area. These challenges have required both traditional and innovative community oriented policing tactics by officers assigned to the Shoal Creek Patrol Division. The Impact Squad works proactively with different elements to locate and suppress criminal activity within the division.

Special programs, such as the Metropolitan Community Service Program (MCSP) have enabled Shoal Creek officers to partner with the community in cleaning neighborhoods in the northland. The integration of Crime Free Multi-Housing officers within the Shoal Creek Property Crimes Section has provided an important problem-solving tool in working with multi-family dwellings and low income housing, where problems have existed for many years. Although not dedicated full time, Shoal Creek Patrol Division also has two ATV's assigned to the Impact Squad which can be staffed by trained officers as dictated by any specific need that arises. Through a close cooperative relationship with Kansas City Parks and Recreation, the division has the ability to respond with ATV's to concerns or criminal activity at parks or rural areas within division boundaries.

Division personnel have initiated close working relationships with many community organizations. These groups include, but are not limited to: Clay County Economic Development Council, Northland Neighborhoods, Inc., Northland Community Alliance, Northland Chamber of Commerce, the Metropolitan Community Colleges, and both the North Kansas City and Liberty School Districts. To that end, division members have established partnerships with approximately 95 neighborhood groups to deter crime and assist in maintaining a high quality of life. State-of-the-art instrumentation and/or scientific techniques are utilized in the forensic disciplines of chemistry, crime scene processing, firearms/tool mark examinations, fingerprint recovery preservation and comparison, photography, digital and multimedia evidence, trace evidence examination, and DNA profiling. Expert testimony is provided to aid in the prosecution and defense of criminal defendants. Training of law enforcement and criminal justice personnel is also recognized as an important function in the pursuit of this mission.

## Chemistry Section 2683

Drug facilitated sexual assault drugs like GHB, prescription controlled substances like Oxycontin, and synthetic drugs like bath salts are also encountered. Clandestine laboratories like those manufacturing Methamphetamine are processed by the Chemistry Section's grant funded HIDTA chemists who collect and process items on location, and are equipped with mobile lab processing vehicles.

The Chemistry Section also conducts the analysis of fire debris samples from suspected arson scenes to identify accelerants like gasoline that may be present. Drug Facilitated Sexual Assault screening of urine is also performed.

## Crime Scene Investigation Section 2683

The section locates and identifies cells, hairs, and biological stains such as blood, semen, or saliva which are suitable for DNA testing. Identifying the source of the biological material is done through the generation of a genetic profile which can be compared to a known sample from an individual such as a victim or suspect, or in cases with no known suspect, to the Combined DNA Indexing System (CODIS) in hopes of matching the sample to a convicted offender or previously identified sample from laboratories across the country. The section also assists in the identification of missing persons and unidentified remains through comparisons of family reference samples and the CODIS database.

The Latent Print Section analyzes developed latent prints and also uses various chemical, physical, and photographic techniques to process items of evidence that cannot be routinely processed in the field. The examiners compare prints that are of value for identification to known prints of victims, eliminations, and/or suspects. If possible, unidentified prints are entered into the Missouri State Highway Patrol's Automated Fingerprint/Palm Print

Identification Systems (AFIS/APIS), the Kansas Bureau of Identification (AFIS), and the FBI's Integrated AFIS (IAFIS) in attempts to identify these prints. The Latent Print Section is also responsible for the analysis and the processing of evidence for footwear and tire tracks, and any comparisons that can be done.

## Firearms and Toolmark Section 2683

The Firearms and Toolmark Section is responsible for the test firing and examination of firearms and ammunition components. Ammunition components are those items such as, bullets, cartridge cases, shotshells, wadding, and shot. The components are compared to each other and submitted firearms to determine if they were fired in one or multiple firearms. If a firearm has an obliterated serial number, examiners perform a serial number restoration in an attempt to restore the serial number, if possible. The section utilizes a digital imaging database of the cartridge cases called the National Integrated Ballistic Information Network/Integrated Ballistic Identification System (NIBIN/IBIS) which allows examiners to possibly link cases that otherwise would not have been linked. Examiners in this section are also responsible for the comparison tool marks left at a scene to a suspect tool and muzzle to target distance determination.

## Forensic Computer Crimes Section 2683

Department members are assigned to the FBI's Heart of America Regional Computer Forensic Laboratory (HARCFL), a one stop forensics laboratory and training center devoted to examination of digital evidence in criminal investigations such as terrorism, child pornography, violent crimes, trade secret theft, theft or destruction to intellectual property, financial crime, property crime, Internet crimes, and fraud. Examiners at the HARCFL not only conduct computer examinations, but also assist agencies in the preparation and execution of search warrants. Training is provided for agencies in the "Investigative Review" of computer evidence after the evidence has been forensically gathered and prepared in order to not manipulate or destroy it, as well as other training in "Forensic Concepts" in regard to digital evidence. The HARCFL also provides services for cell phone extraction, video collection and enhancement, and court testimony. The HARCFL is an ASCLD/LAB accredited laboratory.

Forensic Photography and Digital Multimedia Section 2683
The Forensic Photography and Digital Multimedia Section is responsible for analyzing evidentiary videos and specialized photography. In addition to frame-by-frame analysis of evidentiary videos, the section assists detectives with recovering and viewing surveillance video. The section has the ability to determine the frame rate at which a video was recorded, analyze the file structure, identify and explain potential artifacts, and calibrate the aspect ratio of a video, if necessary. Personnel have also been trained in photo comparison of clothes, vehicles, and other items that have individual characteristics. This section manages most of the digital images taken by Department equipment and distributes them for the legal system. The section digitally processes evidentiary images to allow for comparison by other forensic examiners.

## Trace Evidence Section 2683

The Trace Evidence Section has several principal functions. The section is responsible for locating, characterizing, and comparing materials such as hairs, fibers, paint, glass, tape, and condom lubricant traces. The section performs bloodstain pattern analysis, vehicle lamp examinations, and physical matches each of which offers reconstructive information to the criminal justice system. A battery of tests and instruments are utilized to accomplish each task.

## DEPARTMENT OF POLICE <br> BENEFITS ACTIVITY DESCRIPTION

Certain transactions recorded in the books and records of the Department do not flow through the normal, centralized procurement process. Transactions involving pension payments and FICA taxes are paid directly by the City on behalf of the Department, but are recorded as expenditures by the Department since they are part of the annual budget.

Other transactions such as separation pay, health, life, and other employee benefits are accounted for in centralized accounts and not allocated to specific programs.

## Program: Law Enforcement Pension 1100

The City makes its contribution directly to the Kansas City Police Employees' Retirement System, a separate state entity, every 28 days.

## Program: Civilian Pension 1110

The City makes its contribution directly to the Kansas City Police Employees' Retirement System, a separate state entity, every 28 days.

## Program: FICA (Federal Insurance Contribution Act) Taxes 1111

The City makes its contribution directly to the Internal Revenue Service after each payroll.

## Program: Employee Benefits 1462

The Department contracts with insurance providers for benefits such as health, life, and disability, and provides a $\$ 6$ monthly benefit subsidy to members.

## Program: Separation Pay 2512

DRUG ABUSE RESISTANCE EDUCATION (D.A.R.E.)
JACKSON COUNTY DRUG TAX UNIT
DRUG ABATEMENT RESPONSE TEAM (D.A.R.T.)

## DEPARTMENT OF POLICE POLICE DRUG ENFORCEMENT FUND ACTIVITY DESCRIPTION

Residents of Jackson County, Missouri approved a 1/4 cent sales tax to fight illicit drug use and provide education and treatment. The Community Backed Anti-drug Tax (COMBAT) provides prevention and treatment funding to the Department as described below.

## Program: Professional Development \& Research Bureau

Activity: DARE Jackson County 2646 \& 2648
COMBAT provides funding for two positions, training, and supplies needed for the Drug Abuse Resistance Education (DARE) program. The officers interact primarily with fifth grade students in three metropolitan school districts within the City year round, providing positive role modeling and influences, as well as teaching prevention programs. Modified lessons are given to the K-4 students.

## Program: Investigations Bureau

Activity: Jackson County Drug Tax Unit 2652 \& 2654
COMBAT funds the Jackson County Drug Tax Unit, which consists of additional undercover, supervisory, and civilian support personnel assigned to the Drug Enforcement Unit and the Street Crimes Unit. Members supplement duties of others assigned to the Narcotics \& Vice Division. The Drug Enforcement Unit investigates mid and upper level drug dealers, while the Street Crimes Unit investigates street level (retail) drug dealers and provides tactical enforcement for narcotics investigations. Both units present cases in the federal and state criminal justice systems. In addition, two civilian Chemists funded by COMBAT are assigned to the Department's Regional Criminalistics Lab to help handle the increased workload involving drug evidence generated by stepped up enforcement.

## Activity: $\quad$ Drug Abatement Response Team (DART) Grant 2658-59

This grant provides overtime for officers to work with neighborhood groups to close down drug houses.

# DEPARTMENT OF POLICE OTHER FUNDS REFLECTED IN CITY APPROPRIATIONS ACTIVITY DESCRIPTION 

## Activity: $\quad$ Parking Garage Fund 216

The City established this fund to reimburse the Department for enforcement of parking ordinances in the downtown corridor.

## Activity: Public Safety Sales Tax (PSST) Fund 232

Voters approved an extension of the $1 / 4$ cent sales tax to fund public safety capital improvements on November 2, 2010, for the Department, Fire Department ambulances, and Emergency Management Department. Police's share of the total annual amount generated from the tax is reflected in this Fund, most of which is used to supplement appropriations in the amount of $\$ 2$ million formerly provided by the General Fund.

## Activity: Byrne JAG Grant Fund 241

Accounts for grant funding passed through to the Department from the City.

## Activity: 2012A G.O. Bond Fund 3398

The City established this continuing fund for appropriations derived from General Obligation (G.O.) Bonds issued to more quickly build and equip facilities authorized by PSST renewal. By statute, the City constructs and owns the buildings occupied, but the Department purchases and owns equipment and furnishings. As a continuing fund, unused appropriations are available in subsequent years until fully expended.

## Activity: 2013B Special Obligation Bond Fund 3431

The City established this continuing fund for appropriations derived from Special Obligation Bonds issued to equip facilities authorized by PSST renewal. As a continuing fund, unused appropriations are available in subsequent years until fully expended.

## Activity: Health Levy Fund 233 (no longer active)

The City established this fund to allow the Department the ability to reimburse the City for health care provided in the Department's detention facility at HQ.

## Activity: Convention and Tourism Fund 236 (no longer active)

The City established this fund to provide one-time funding related to the July 2012 Major League Baseball All-Star Game.

## Activity: Police Workers' Compensation (WC) Fund 1011

The Department retains the risk for workers' compensation claims. The activities in this Fund are supported by a transfer from the General Fund. In other words, the Police WC Fund is a subsidiary account to the General Fund. As a result, information
regarding the Police WC Fund is not included as part of the total for budgeted appropriations since these have already been included in the General Fund. This Fund is designed merely to record individual workers' compensation costs as an off-budget internal service. Costs, if any, in excess of this amount will be recorded in the Department's General Fund. General Fund transfers in excess of workers' compensation expenses are held at the City for the future benefit of the Department.

## DEPARTMENT OF POLICE SPECIAL REVENUE FUNDS ACTIVITY DESCRIPTION

Special Revenue Funds account for revenues earmarked for specific purposes and/or are restricted by law or administrative action. The Department uses the following Special Revenue Funds to supplement General Fund appropriations.

## Activity: $\quad$ Special Services Fund - 5110

This Fund is used to account for revenues derived from a variety of sources such as the sale of police reports, criminal history record checks, fingerprint services, private security officer licenses, alarm fees, academy fees paid by other policing jurisdictions, miscellaneous restitution via the court system, crime lab fees, vehicle disposals, accident claims, traffic escorts for parades, and interest income.

Expenditures pay for costs associated with collecting revenue including licensing of private security officers and private alarm users; police report reproduction; traffic escorts; vehicle purchases; training, education, and related travel; and tuition reimbursements to employees.

Activity: $\quad$ Federal Seizure and Forfeiture Fund - 5150
This Fund is used to account for revenue pursuant to the equitable sharing of seized and forfeiture cash and property from joint drug enforcement investigations with the federal government. The expenditure of funds is restricted by federal guidelines published by the U.S. Department of Justice and Department of the Treasury. This Fund is the primary source for cash matches related to federal grants and maintenance of the data backbone systems of the Department's internal network.

## Activity: DARE Donations Fund - 6140

This Fund is used to account for donations from COMBAT and private and public entities and individuals. The donations are used to enhance drug abuse resistance education (DARE) programs given by the Department to schoolchildren and provide awards to the participants upon completion of the classes. This Fund supports the operations of the Department's DARE program reflected as organizations 2646 and 2648 in the Police Drug Enforcement Fund 234. The City provides appropriations in the General Fund to pay for additional officers assigned to DARE.

## Activity: Grants Fund - 7100

The Department's policy is to establish revenue accounts in this Fund to receive grant revenue. An offsetting contractual obligation equal to the grant revenue plus grant matches furnished by other Treasurer's Account funds is also established in order to reimburse the City in arrears for grant appropriations in the General Fund and Police Grants Fund.

Notes:
1/ The Department's policy is to establish revenue accounts in the Grants Special Revenue Fund 7100 to receive grant revenue and Department required grant matches. A contractual obligation equal to the revenue and Department match is established in Fund 7100 to reimburse the City in arrears for expenditures recorded in Police funds 100 and 239.

## LIABILITY SELF-RETENTION SUBSIDIARY ACCOUNT FUND 6110

REVENUES, EXPENDITURES, AND CHANGE IN FUND BALANCE

## DEPARTMENT OF POLICE <br> LIABILITY SELF-RETENTION GENERAL FUND SUBSIDIARY ACCOUNT ACTIVITY DESCRIPTION

The Department uses a Liability Self-Retention Subsidiary Account to retain exposure to potential liability and torts related to vehicular accidents, slip and fall claims, and other liability claims. This program was instituted during fiscal year 1991-92 when bids for this coverage came in at over $\$ 1$ million. In response, the City and Department agreed to establish a fund that would allow the Department to decrease its overall costs. Funding is provided mainly by transfers from the General Fund.

Section 105.726, RSMo, including recent revisions, requires the State of Missouri to fund the first $\$ 1.0$ million of the Department's annual liability costs, with the Department responsible for $100 \%$ of anything over this amount.

General Fund transfers in excess of annual risk management expenses are retained by the Department to offset future costs should claims exceed amounts provided by the General Fund and/or covered by the State of Missouri. In the event all amounts are exhausted, the City acts as a backstop for risk management costs.

[^0]:    Unused appropriations continue to be available in the subsequent year since this is a "continuing fund."

[^1]:    2625 Minor Equipment: Supplies related to DNA and other testing

[^2]:    Under Guide to Equitable Sharing for State and Local Law Enforcement Agencies Sec. VIII(A)(3)(c) dealing with uses, it states "Anticipated shared property should not be budgeted - Agencies should not 'spend it before you get it' or budget anticipated receipts...". The Treasurer's Account budget does outline a budget for desired programs. The desired program budget does not violate the intent of the guidelines since the Board of Police Commissioners will not allow any commitments until such time as sufficient federal forfeited funds are available for each commitment.
