## I. GOVERNANCE STRUCTURE

The Board of Police Commissioners (the Board), a governmental unit pursuant to Chapter 84 of the revised statutes of the State of Missouri (RSMo), administers the Kansas City, Missouri Police Department (the Department or KCPD). Statutes provide the Board with exclusive management and control to operate the police force as an independent entity within the City of Kansas City, Missouri (the City). The City is required to provide annual appropriations to the Board for this purpose.

The Governor appoints and the Missouri Senate approves four Commissioners from the local community who, along with the Mayor of Kansas City, comprise the Board. The Board determines policy and provides oversight with input from the Chief of Police, who is responsible for managing the Department. The Chief of Police has organized the Department into bureaus and appointed commanders thereto who make day-to-day operational decisions. Each bureau's functions are more fully described elsewhere in this document.

## II. BUDGET OVERVIEW

The budget begins May 1, 2020. The total appropriated budget is $\$ 266,377,193$. Last year's budget was $\$ 255,016,884$. Accompanying this document are explanative letters from the Chief of Police dated October 9, 2019, and Deputy Chief of the Executive Services Bureau dated April 1, 2020, and details of all budgeted items. The main changes in FY 2020-21 funding are shown in Table 1.

## III. GENERAL FUND STAFFING

The amount of appropriations provided for General Fund operations includes the addition of 5 police officers at the beginning of the fiscal year and 5 police officers mid-year. In addition, 2 civilian Social Media Analysts were funded.

## IV. CHARACTER OF FUNDING

## PERSONNEL

Personnel costs include all personal services plus benefits such as workers' compensation and life insurance in contractual services. Personnel costs in relation to all Department appropriations are $86.5 \%$ or $\$ 230,507,899$, an increase of $\$ 7,311,486$. The following highlight FY 2020-21 personnel matters and Table 1 above provides cost information.

- Pay step increases will be earned on the members' anniversary date. Sworn and nonsworn members at top step may receive an adjustment at mid-year.
- Health insurance premiums increased by $3.81 \%$.

## NON-PERSONNEL

Non-personnel items represent $\$ 35,869,294$ or $13.5 \%$ of funding for FY 2020-21, compared to $\$ 31,820,471$ for FY 2019-20. To simplify the presentation, non-personnel items have been grouped into the following categories:

Public Safety Sales Tax Fund - The $1 / 4$ cent sales tax for public safety capital improvements decreased to $\$ 2,200,000$, which represents $0.8 \%$ of all Department appropriations. These appropriations will be used to purchase police vehicles, repair building, plant and operating equipment, make helicopter repairs, and match Police Foundation funding.

Paid to City - The Department self-funds grants and other activities totaling \$11,568,196 or $4.4 \%$ of appropriations. This is reimbursed to the City, which treats the reimbursements as revenue, and in turn provides the Department appropriations in the same amount.

Other Activities - Another \$22,101,098 or 8.3\% of total appropriations support the day-to-day operations of the Department. Originally funded as contractors, the Department will employ a social services coordinator and six social workers. Additional items included in other activities are risk management, utilities, telephones, network connectivity, vehicle and helicopter operations, and rental costs related to equipment and the covert location.

The summaries along with the accompanying documents should assist the reader in understanding the Department's budget for FY 2020-21.

April 1, 2020

TO: $\quad$ Members of the Board of Police Commissioners Kansas City, Missouri Police Department<br>FROM: Deputy Chief Karen True, Commander, Executive Services Bureau<br>SUBJECT: Current Status of FY 2020-21 Budget

The Board of Police Commissioners will formally adopted the FY 2020-21 budget at the April 14, 2020 meeting. The attached Schedules help summarize the current status of the FY 2020-21 budget and what has changed since it was presented to you last fall.

Schedules 1-3 accompanying this memorandum are similar to schedules previously provided to the Board. A column titled "Appropriated 2020-21" has been added to reflect the amounts adopted. The following highlight changes in Schedules 1-3 between what was "Appropriated" by the City Council and what was "Requested" by the Department last fall.

## SCHEDULE 1.

Schedule 1 attached hereto reflects all Police Department revenues and appropriations. Appropriations total $\$ \mathbf{2 6 6}, \mathbf{3 7 7}, \mathbf{1 9 3}$ for FY 2020-21 compared to $\$ 255,016,884$ for FY 2019-20, an overall increase of $\$ 11,360,309$. The Requested budget anticipated appropriations would increase $\$ 15,055,725$, but the Appropriated budget is $\$ 3,695,416$ less than this. The following provides broad categories of what changes were made to Requested revenues and appropriations:

## REVENUES

| Total appropriation changes | $\underline{\$}$ |
| Revenue minus appropriation changes | $-8,750$ |

## SCHEDULE 2

Schedule 2 attached hereto focuses on revenues and appropriations provided by the City. The City Council appropriated a total of $\$ 249,144,428$ to the Board compared to $\$ 240,713,285$ for FY 2019-20, an increase of $\$ 8,431,143$. However, the Requested budget anticipated an increase of $\$ 12,135,309$, which means the appropriated amount is $\$ 3,704,166$ less than what the Department requested. (Revenues always match appropriations in City funds, so changes in appropriations explain changes to revenues.) The requested budget was reduced $\$ 1.1$ million, moving the requested $2.5 \%$ COLA for those at top step to mid-year. An additional $\$ 2.875$ million was assessed in program efficiencies. This is in addition to the $\$ 4.4$ million in salary savings and $\$ 750,000$ in funding gaps that the Department had already assessed itself and included in the requested budget. This makes the ability to fund pay increases questionable. The Department requested thirty (30) additional officers in a decision package which was outside of the budget request. This decision package was partially funded; salary has been increased to fund five (5) additional officers at the beginning of the fiscal year, and an additional five (5) mid-year. Funding for equipment totaling $\$ 170,000$ has been provided to help equip these officers. A decision package for four (4) Social Media Analysts was partially funded; salary has been increased to fund two (2) at mid-year. Retired LE Health Supplement funding was increased. Amount requested to fund TIPS was decreased to $\$ 117,000$ from $\$ 167,000$. An additional $\$ 300,000$, received in FY 2019-20 for the purchase of vehicles, and \$500,000 restored in FY 2019-20 to equip vehicles were requested, both were not funded. A decision package to hire social workers was funded but the FTE's were not included in the budget. Total changes to the Requested budget are broken down by broad category by fund as follows:

|  | General <br> Fund 100 | Parking <br> Garage <br> Fund 216 | Public Safety Sales Tax Fund 232 |  | Health Levy und 233 | Police Drug <br> Enforcement Fund 234 | Police <br> Grants <br> Fund 239 | All City Funds Total |

Appropriations were adjusted in the amount of $\$ 8,750$ to account for an interfund grant match. The following is a comparison of years:

## CONCLUDING REMARKS

The General Fund provides most of the appropriations to operate the Police Department, and these appropriations increase by $\$ 6.7$ million compared to the FY 2019-20 Adopted budget. Due to the additional $\$ 2.875$ million that was assessed in program efficiencies, it is questionable if the Department will have the ability to fund both step and top step COLA increases without taking steps operationally to manage hiring in a way that will provide funding. The Department will provide step increases to those not at top and projections will be used to assess the ability to provide a COLA to top step at mid-year.

The Board is required to adopt a budget on or before May 1 of each year. A formal budget adoption document will be provided for the April 14, 2019 Board meeting. The FY 2020-21 Appropriated budget from all sources will be $\$ 266,377,193$ as shown on Schedule 1 attached hereto.

## SUBJECT: Requested Budget for Fiscal Year 2020-21

As required by Section 84.500 of the Revised Statutes of Missouri (RSMO), accompanying this transmittal letter is a report on the financial requirements of the Kansas City, Missouri Police Department (the Department) for the fiscal year (FY) beginning May 1, 2020. RSMo Section 84.730 requires the Board of Police Commissioners (the Board) submit to the City of Kansas City, Missouri (the City) a budget estimating the sum of money necessary next fiscal year to enable the Board to discharge the duties imposed upon it by RSMo Chapter 84 and to meet the expenses of the Department. The accompanying financial requirements provide the Board the documentation necessary to submit its budget to the City.

## I. BUDGET OVERVIEW

The City is experiencing an increasing number of violent crimes. Additional support is needed to tackle this epidemic and implement new strategies to be effective. It is important to sustain programs that have been implemented through other funding sources and proved successful. This includes hiring six (6) social workers and a social worker coordinator to sustain the social worker program. In addition, it is important to retain three (3) Forensic Specialists in the Firearms \& Toolmark Section paid through a grant ending in FY21.

Overall, the Department's budget has increased by $5.9 \%$.
Pensions and health insurance represent 26.1\% of the budget.

## II. GENERAL FUND

The General Fund requested budget for FY $\mathbf{2 0 2 0} \mathbf{- 2 1}$ is $\mathbf{\$ 2 3 5 , 6 5 2 , 5 7 0}$ as detailed in Schedule 8. This is an increase of $\$ 9,861,552$ from last year.

- Salary raises will be awarded at a rate of $2.5 \%$ for top step sworn Law Enforcement and Civilian members, at the beginning of the fiscal year. Those not at top step will advance one (1) pay step on their anniversary date. Pay will be adjusted for $\$ 15.00$ living wage. The cost for these raises plus associated changes to overtime and salary savings is $\$ 6,998,131$. This amount includes $\$ 3,052,563$ representing the additional cost related to raises for FY 2019-20.
- Health Insurance premiums are estimated to increase $5.0 \%$ or $\$ 1,673,506$.
- Pensions ARC (annual required contributions) increased $\$ 3,013,766$.
- Non-Personnel related items increase by 4.4\%. This includes an increase of $\$ 100,000$ in minor equipment for the replacement of expiring police protective equipment. There has also been a funding gap for non-injury medical expenses and professional services for pre-employment and fit for duty examinations, physicals and evaluations. This budget eliminates the funding gap and provides funding to support the psychological wellness of members through annual wellness checks to members exposed to extraordinary trauma. Contractual services are also being increased to retain a contractor previously retained with other City funding.

## III. DECISION PACKAGE

I am including seven (7) Decision Packages for this year's budget. Additional officers and civilians are needed to provide better service to our community as well as continue and implement new programs. Additionally, if we prepare for portable radio system end of life, we can spread the cost of replacement over the next three years.

- Social Workers - The Department's social services program has been extremely successful. Social workers at each patrol station and a social worker coordinator provides assistance to the community by providing resources to individuals and families who do not know where to turn for assistance. Hiring six (6) social workers and a social worker coordinator will sustain the program. An increase in the General Fund requested budget by $\$ 381,811$ would be needed to fund the additional positions.
- Forensic Specialists - The National Crime Gun Intelligence Center Initiative grant is anticipated to end September 30, 2020. This grant funds three (3) Forensic Specialists who conduct examinations, test firing and identification of firearms, as well as the examination and analysis of ammunition components and the other various types of firearms related evidence pertaining to violent criminal investigations. They enter ammunition components into the National Integrated Ballistics Information Network (NIBIN) providing actionable leads to link and solve cases. Without these Forensic Specialists, a bottleneck of casework would form at the Crime Laboratory. Analysis of gun evidence would not be able to be expedited, hindering timely investigation and prosecution of those committing gun crimes. An increase in the General Fund of $\$ 99,424$ would be necessary to fund these three (3) positions from the time the grant ends through the remainder of FY21.
- Additional Officers - This decision package would provide funding to deploy thirty (30) additional officers. Funding is being requested based on these positions increasing the May 2020 academy class. An increase in the General Fund requested budget by $\$ 1,424,160$ would be needed to fund the additional thirty (30) positions.

- Portable Radio System - The portable radios are at end of life and the vendor will no longer provide parts or software support after calendar year 2022. This system is utilized by other City public safety departments that will also need to be upgraded. The Department currently deploys 1,872 portable radios. It is estimated that the Police Department portion of this system will cost $\$ 9,900,000$. This replacement could be done in phases over the next three (3) fiscal years.
- Social Media Analysts- The addition of four (4) civilian Social Media Analysts will provide the Department with an additional tool to enhance public safety. These positions will be responsible for searching and analyzing open-source information via Social Media and third party platforms to evaluate tactical, operational, and strategic threats. They will develop assessments that integrate disparate and seemingly innocuous data/information. An increase in the General Fund requested budget by $\$ 242,836$ would be necessary.
- Additional Parking Control Officers (PCOs) - Additional PCOs are necessary to enforce parking ordinances in the downtown corridor. Hiring four (4) civilians, equipping them and providing vehicles would require an increase in the Parking Garage Fund of \$285,000.
- Additional Dispatchers - Additional civilian dispatchers are necessary to handle 911 call volume and provide current staff relief. An additional nine (9) dispatchers were added in FY19. Based on APCO (Association of Public Safety Communication Officials) recommendation regarding calls per dispatcher and the previous Matrix Consulting staffing study, an additional twelve (12) dispatchers are still necessary in order to make the City comparable with other cities. An increase in the General Fund requested budget by $\$ 488,610$ would be needed to fund these additional positions.

## IV. OTHER KEY ISSUES

The Department faces a number of key issues that also need additional funding:

- Detention Facility Staffing - In June of 2019, City arrestees where no longer being housed at the Jackson County Jail, causing an increase in the number of arrestees being detained at patrol divisions. The Department currently has thirty-five (35) civilian detention facility officers. As the Department plans for future detention needs, it may become necessary to detain arrestees at an additional patrol division. An increase of twelve (12) civilian detention officers would be necessary at an estimated cost of $\$ 514,932$. If it becomes necessary to staff a centralized detention facility, an increase of twenty-one (21) civilian detention officers would be necessary at an estimated cost of $\$ 901,131$.
- Vehicles - A five (5) year, 100,000 mile fleet replacement plan (30,000 for motorcycles) is optimal. Due to funding, the Department has been unable to adhere to the plan. Based on vehicle age, 184 vehicles plus 13 motorcycles need replaced in FY21 at an
estimated cost of $\$ 5,574,450$. When the mileage of vehicles is factored in, replacement becomes an even larger issue. Our fleet currently has 204 vehicles in excess of 150,000 miles, all deemed in need of immediate replacement. These vehicles plus 22 motorcycles over 50,000 miles have an estimated replacement cost of $\$ 6,581,800$. Currently, 203 vehicles are between 100,000 and 150,000 miles and 12 motorcycles are between 30,000 and 50,000 miles and need to be replaced as per the replacement plan. Their replacement cost is estimated at $\$ 6,614,100$. It is estimated that the total cost to replace all vehicles based on mileage over 100,000 is $\$ 13,195,900$. These calculations do not factor in the 21 vehicles on average that are totaled annually in vehicular incidents not meeting the age or mileage parameters listed above. Vehicles are increasingly becoming more prone to downtime and cost more to repair and maintain. In addition, these figures do not include the cost associated with equipping the vehicles or vehicles requested from specialized units.
- Mobile Command Radios - It is anticipated that we will receive notification soon from the vendor that the current mobile command radios are at end of life. At that point there will be five years remaining for support from the vendor. To replace the 700 Police Department radios would be a cost of $\$ 3,160,220$. This type of radio is utilized by other City public safety departments which will also need to be upgraded.
- Body Worn Cameras - The Department's In-Car Camera and Mobile Data System provide the infrastructure necessary to support body worn cameras, including server storage. The purchase of cameras and licensing/maintenance support is estimated at \$1,085,500 and would have annual licensing/maintenance support costs.

## V. OTHER FUNDING

The Department's budget includes numerous funds in addition to the General Fund. The other funds supplement the General Fund for programs that might not otherwise be accomplished. Other funding consists of amounts provided by other City resources and amounts self-funded by the Department in the Treasurer's Account.

## Other City Funds

Other City funds appropriations totaling \$17,196,024 are detailed in Schedule 9 and elsewhere. The purposes of the funds are:

- The Public Safety Sales Tax (PSST) Fund supports fleet, helicopter, and building operations which used to be funded in the General Fund. The Department is requesting funding for vehicles remain unchanged from FY20. As stated above, replacement of older, high mileage vehicles is an issue. Funding for vehicles was increased in FY20 by $\$ 300,000$ to account for an increase in vehicle cost since the renewal of the public safety sales tax. The anticipated Police Foundation match of $\$ 500,000$ was included as part of the appropriated budget in FY20 and has been included in the requested budget for FY21.

Kansas City Police Department
Requested Budget for Fiscal Year 2020-21
Page 5 of 6

- The Police Drug Enforcement Fund supported by the Jackson County COMBAT sales tax supports DARE and drug enforcement efforts.
- The Police Grants Fund contains self-funded activity and grants awarded the Department, the proceeds of which are turned over to the City. Some grant funding is ending for vital civilian positions. Numerous smaller grants are anticipated, and fluctuating funding from renewing grants this budget cycle has resulted in an increase to appropriations of $\$ 2,247,125$. A list of grants may be found in the Police Grants Fund section of the budget.

## Treasurer's Accounts Funds

Self-funded appropriations total $\$ 17,224,015$ as shown in detail on Schedule 3 and elsewhere. These activities involve situations where the Board directly contracts with grantors, collects fees for services, receives federally forfeited property, etc. and are included only on the Board's books. These non-City appropriations are also known as the "Treasurer's Account" or "T-Accounts." Most costs in the Treasurer's Account are payments to the City for grants and code enforcement efforts regarding alarms, parades/traffic escorts, and private officer licensing. The City records the payments as revenue on its books, and in return provides appropriations back to the Department. The anticipated Police Foundation donation of $\$ 500,000$ has been included in the requested budget for FY21.

## Total Funding

The General Fund plus all other funding totals $\mathbf{\$ 2 7 0 , 0 7 2 , 6 0 9}$ for FY 2020-21 as shown on Schedule 1. This compares to $\$ 255,016,884$ for FY 2019-20, an overall increase of $\$ 15,055,725$ or $5.9 \%$.

## VI. NUMBER OF PERSONNEL

Schedule 7 reflects the number of full-time Department positions. Changes in grants awarded have caused a net increase of four civilian positions and net decrease of two law enforcement positions. There are 1,403 law enforcement and 605 civilian positions in the base budget compared to 1,405 and 601, respectively, in FY 2019-20.

## VII. FINAL THOUGHTS

The funding requested will hold the Department at the levels outlined above. Turnover will be forecasted in order to plan entrant officer classes accordingly so that there is a minimal delay in law enforcement being at full strength. As stated above, the Department continues to need additional law enforcement and civilian staff. Through the decision packages, the Department will continue necessary programs as well as implement new ones. The Department will continue to look for new, innovative ways to fight violent crime and make a positive impact in our community.

## SCHEDULE 4

## ALL FUNDS

2-YEAR COMPARISON OF TOTAL AND NET APPROPRIATIONS

The Board is responsible for enforcement of City Ordinances such as alarm licensing and parade/traffic escorts. The Board is also responsible for statutory compliance with items such as licensing and
firearms qualification of private security officers, and providing copies of police reports. Revenue from these activities is collected by the Board. The Board, in turn, establishes appropriations necessary to
forward this revenue to the City. The Board also receives grant awards and remits this funding to the City. Costs to provide the aforementioned and other services are shown in Fund 234 and Fund 239 . The above schedule eliminates the duplication/double-counting of these items caused by the Board establishing appropriations to reimburse the City for appropriations the City budgets in Fund 234 and Fund 239 .

## Activity: Office of Community Complaints 1005

The Board established the Office of Community Complaints (O.C.C.) in 1969 to comply with the requirements of RSMo Section 84.430, which mandates that, "The board will hear all complaints and charges against any member of the police department." Thus, under the authority of the Board, O.C.C. is responsible for protecting citizens from the possibility of abuse or misconduct on the part of members of the Department and to protect the members of the Department from unjust and unfair accusations which may be lodged by individuals.

As an oversight agency for the Board, the Department, and the Kansas City community, O.C.C. receives and reviews complaints filed against officers or members of the Department and makes determinations as to whether those complaints should be formally investigated, mediated, or conciliated. In essence, O.C.C. is committed to effectively and impartially resolving all complaints involving a misunderstanding/dispute between an individual and member(s) of the Department. O.C.C.'s goal is to at all times provide professional and appropriate customer service to the Board, the Department, and the community.

## Program: Office of the Chief of Police 1010

The Chief of Police commands a Department comprised of about 2,000 employees. The City of Kansas City, Missouri ("the City") has a diverse population of about 491,918 and extends over an area consisting of about 319 square miles within four counties. The Chief of Police reports to the Board. The Office of the Chief of Police is responsible for the proper and timely execution of the policies, duties, and responsibilities established for the administration of the Department. The Office of the Chief of Police provides quality and effective support to the various elements of the Department, the Board, and the community.

Under the current organizational structure, the Office of the Chief of Police oversees five bureaus. The bureaus are the Executive Services Bureau, Administration Bureau, Professional Development and Research Bureau, Patrol Bureau, and Investigations Bureau. Each bureau is organized into divisions, which, in turn, are divided into units and sections/watches. The Office of the Chief of Police also oversees an Office of General Counsel, Professional Standards Division, and Homeland Security Division.

## Sub-Program: Office of General Counsel / Municipal Court Liaison 1010

The Office of General Counsel's attorneys and legal assistants act as in-house counsel for the Department. OGC reviews new and revised policies, develops and conducts training for Department members, responds to charges of discrimination filed with the Missouri Commission on Human Rights and Equal Employment Opportunity Commission, reviews and resolves workers' compensation lawsuits filed by members, responds to unemployment claims, responds to records requests made pursuant to Missouri's Sunshine Law, schedules Board of Police Commissioners' monthly and special meetings, prepares and disseminates materials for Board meetings, including preparation of detailed minutes of each meeting, and responds to inquiries from Department members of all ranks, rendering hundreds of opinions per year on various issues dealing with law enforcement, personnel and other matters. OGC attorneys are
responsible for reviewing personnel actions upon request of command and oversee the prosecution of disciplinary actions against Department members. OGC oversees and coordinates the handling of civil litigation filed against the Department, Board and Department members and is involved in decision-making regarding settlement of civil claims and lawsuits. OGC attorneys appear in court on a frequent basis, for example, to file lawsuits against persons responsible for damaging Department-owned property (such as motor vehicle accidents) and to quash subpoenas, respond to expungement actions, or in response to court orders. OGC attorneys write and review hundreds of contracts, memoranda of understanding, and grant documents each year. Attorneys in OGC respond to all officer-involved shootings and also respond to other critical incidents on an as-needed basis. OGC also houses the Grants and Federal Legal Compliance Coordinator who assesses and ensures Department compliance with grants and Federal law.

Court dates for officer testimony in Municipal Court and other matters involving the Municipal Court and its judges are coordinated by a detective assigned to OGC. This detective acts as Municipal Court Liaison. The detective also reviews audio and video before the records are disclosed to requestors, delivers Board materials, works with the Private Officer Licensing Unit on inspections, acts as security for the Mayor's Detail, and performs tasks for the OGC and Chief's Office on an as-needed basis.

## Activity: Private Officers Licensing Unit 1011

Private Officers Licensing Unit ensures compliance with statutes regarding the control and regulation of private security companies and persons, both armed and unarmed, in the City. The main responsibility is to conduct background investigations, monitor firearm qualifications, and administer an examination to ensure only qualified persons are licensed. Receipts of monies from fees charged in the licensing process support operations.

In its regulatory function, the unit protects the citizen from abuse of authority and the Board from possible liability arising out of the licensing of private security. The unit issues private security licenses and maintains records on approximately 11,000 individuals and one hundred seventy (170) private security agencies.

## Activity: Risk Management 1015

The Office of General Counsel administers the Department's self-retention program for liability and vehicle damage claims. Commercial insurance is purchased for non-realty property (building contents, helicopters, etc.) coverage. The City insures buildings, which it provides to the Department. OGC attorneys and legal assistants are frequently asked to report on various risk-management issues, such as contributing ideas to reduce the cost of litigation, workers' compensation claims, and recovering money owed to the Department for damage to Department-owned property.

## Sub-Program: Professional Standards Division 1024

The Professional Standards Division is charged with coordinating matters regarding professional standards and employee relations with the FOP Liaison. Reporting elements are: Media Unit, Internal Affairs Unit, and Quality Control.

## Activity: Media Unit 1024

The Media Unit was established to provide information on Department activities to the news media for dissemination to the public and to promote cooperation and enhance communication between the Department and the members of the news media.

The Media Unit has as its primary duty the responsibility of providing liaisons with the members of the news media, frequently on behalf of other Department elements. The Media Unit has the responsibility for the production and distribution of the statutorily required annual report. The unit develops and publishes an in-house monthly newsletter, a daily e-mail newsletter, and coordinates award, promotional, and retirement ceremonies, as well as other special events. The Media Unit also provides public relations services and advice to Department elements.

## Activity: Internal Affairs Unit 1025

The Internal Affairs Unit (IAU) is charged with conducting investigations of internal matters that involve the actions of Department members. These investigations include, but are not limited to, complaints filed with O.C.C., the disarming and/or the discharge of a firearm by an officer, inquiries into commendable acts by Department members, and any other miscellaneous investigation as directed by the Chief of Police. In addition, IAU is the central repository for case files associated with internal investigations as well as response to resistance reports.

## Sub-Program: Homeland Security Division 1016

Homeland Security Division is charged with ensuring that Kansas City is safe, secure, and guarding against terrorism and other hazards. Reporting elements are: Kansas City Regional Fusion Center and Intelligence Unit

## Activity: Kansas City Regional Fusion Center 1016

KCRFC is tasked with coordinating efforts in the prevention, deterrence, and response to possible threats of terrorism. The section is the liaison with local, federal, and state intelligence entities, as well as private entities in the region regarding crime to include terrorism. This section is responsible for gathering intelligence information used to recognize and forecast trends in risk management and crime issues to assist command staff in the deployment of personnel and resources to improve the overall efficiency of the Department.

## Activity: Intelligence Unit 1016

The Intelligence Unit monitors traditional and non-traditional organized crime, terrorist/extremist groups, threats to public officials, and persons or groups responsible for public disorder. The unit also assists other agencies and Department elements by providing intelligence data, surveillance support, and technical assistance as well as conducting specialized investigations as directed by the Chief of Police.

The unit is a member and operates under the guidelines of the National Law Enforcement Intelligence Unit (L.E.I.U.). This enables sharing of intelligence data and regulates the lawful collection, storage, analysis, and dissemination of criminal intelligence, under 28 CFR 23.

## Activity: Critical Incident Site Management Section 1016

The Critical Incident Site Management Section is located at the City's Emergency Operations Center (EOC) and is responsible for administering the Department's critical incident site management system. This system is a computerized catalog of action plans designed to provide first responders with immediate access via their car computers. Through school, community, and business involvement, plans are prepared in advance so that first responders have access to vital information such as evacuation points, perimeter assignments, and locations for establishing a command post, as well as detailed floor plans of the structure. The section also maintains a portable database to provide on-site GIS aerial mapping.

## DEPARTMENT OF POLICE EXECUTIVE SERVICES ACTIVITY DESCRIPTION

## Program: Executive Services Bureau 1030

The Executive Services Bureau is comprised of three elements: Fiscal Division, Logistical Support Division, and Building Operations Unit. The Bureau is responsible for the day-to-day financial operations of the Department, including payroll, payment of pensions, and FICA taxes, as well as building operations, including the cleaning, maintenance, and security of Department facilities. The Bureau is also responsible for communications, radio installation and radio repairs, and fleet operations. Reporting element is: City Hall Liaison.

## Sub-Program: Fiscal Division 1040

The Fiscal Division Office is charged with coordinating matters regarding budget, accounting, payroll, asset forfeiture and seizure, purchasing, supply, and private alarms. The Department uses a centralized approach for the Budget, Accounting, and Purchasing Sections to ensure compliance with statutes, Board directives, and internal controls in these areas.

## Activity: Construction Division 1040

RSMo Section 84.450 requires the City to provide the Department with an office and office furniture as it may need. The Department does not own any of the buildings it occupies. Construction Division personnel are responsible for coordinating and developing capital improvement projects, which include renovations to existing buildings and new construction. These duties include assisting in planning, bidding, quality control, acting as a liaison between various City departments and private sector, and the monitoring of funds and expenditures for assigned projects. Personnel oversee projects and coordinate project management to ensure the Department's interests are met.

## Activity: Budget Unit 1045

The manager of the Budget Unit oversees the operations of the Budget Preparation \& Control Section and Alarm Licensing Section.

## Budget Preparation \& Control Section 1045

The Budget Preparation \& Control Section is responsible for the preparation of the Department's annual budget request and continual review of expenditures and budget balances as each relates to appropriated funds. This section also verifies the Department's payroll before each payday and keeps track of every position on the Department.

## Alarm Licensing Section 1012

The intent of City Ordinance 970277, which went into effect on July 1, 1997, was to reduce the number of false alarm calls by promoting responsible actions on the part of the alarm companies and alarm users. At the direction of the Board, the Alarm Licensing Section was formed for the purpose of administering the provisions of the ordinance.

Alarm Licensing Section personnel issue permits to alarm users and ensure that alarm companies and users are in compliance with the City's permit ordinances. The section manages alarm records of over 56,000 permit holders and daily updates alarm permit records with alarm dispatch requests, which are under 16,000 annually. The section also conducts

False Alarm User Awareness Classes and System Performance Reviews for alarm users who experience excessive false alarms.

## Activity: Financial Services Unit 1049

The captain of the Financial Services Unit oversees the operations of the Accounting \& Payroll Section, Asset Forfeiture, Purchasing Section, and Supply Section.

## Accounting \& Payroll Section 1049

The responsibilities of the Accounting \& Payroll Section fall into four main categories: accounting, payroll, grants, and asset forfeitures. The section processes all financial transactions for the Department. It ensures compliance of Department and statutory policies regarding acquisition and payment for goods and services. The section processes the Department payroll biweekly. The section also ensures payment of withholding taxes to various governmental entities. Grants are monitored and billed by the section to ensure accuracy and compliance with grant financial guidelines. Asset forfeitures are processed within the section.

The section also performs numerous ancillary functions, including preparing Department financial statements, arranging for Department travel, monitoring travel, training, and discretionary expenditures, and working on numerous special requests for information. The section maintains the Department financial computer system and accounting internal control systems.

## Purchasing Section 1050

The Purchasing Section is responsible for the procurement of equipment, materials, supplies, insurance, and contractual services used by the Department. These acquisitions may be completed through the formal bid process or by direct purchase using sound procurement practices to maximize, to the fullest extent, the purchasing value of public funds. The Purchasing Section is also responsible for the testing and evaluation of selected equipment and the coordination for delivery of specified products.

## Supply Section 1050

The Supply Section/Warehouse maintains a store of goods, which supports the operation of the Department. The Supply Section is responsible for providing equipment, uniform needs, and office supplies for all Department elements. The warehouse provides printed materials and paper needs for the Department. The Supply Section also repairs and maintains firearms used by Department members. Meeting these needs requires sound controls over inventory, shipping, receiving, and restocking.

The needs of the Department are constantly changing and evolving as new technology is developed to improve both the safety of the police officer and the public. The Supply Section evaluates new products and reviews safety issues to better support the needs of the Department.

## Sub-Program: Building Operations Unit 1072

The Building Operations Unit is responsible for over 1 million square feet of working and operational space. This includes the parking lots and grounds of 31 different facilities. The primary goal of the unit is to provide customer service to employees of the Department and the citizens of the community. The unit provides maintenance and janitorial services that promote a safe environment allowing for maximum efficiency.

The Building Security Section is responsible for the overall security of the Headquarters and Communications Buildings. The section is the central repository for all CJIS federal requirements. All non-department employees, vendors and service providers are CJIS screened, documented and allowed access rights through the Building Security Section.

## Sub-Program: Logistical Support Division 1220

The Logistical Support Division coordinates matters regarding fleet, radios, and 9-1-1 calls.

## Activity: Fleet Operations Unit 1222

The Fleet Operations Unit operates on a twenty four hour basis and is responsible for the acquisition, maintenance, repair, and disposal of vehicles, along with ordering and stocking the necessary parts and materials to support the fleet. On average, 10,000 repairs are completed annually. Primary goals include maintaining the Department's fleet in a high state of readiness and repair by maximizing available resources to their fullest. In addition, some specialty work is done on covert vehicles leased by the Department and other equipment such as generators as well as special projects where metal fabrication may be necessary. The Fleet Operations Unit is also responsible for monitoring of underground fuel tanks and insuring compliance with EPA regulations.

The Fleet Operations Unit operates its own body shop, which is responsible for a variety of body and fender repairs and painting of vehicles. The Fleet Operations Unit also operates the Service Station at 1245 Prospect. At this location the FOU provides tow services, preventive maintenance, and twenty-four hour fuel service.

## Activity: Communications Support Unit 1224

Communications Support Unit provides the infrastructure management; technical operation, installation, and maintenance of the Missouri Zone of the Metropolitan Area Regional Radio System (MARRS). This system provides Public Safety and Public Service communications for all Kansas City radio users. This includes Police, Fire, MAST, Aviation, Public Works, Parks and Recreation, Solid Waste, Water, and other City departments. Communications Support also manages the MARRS system database for Platte County, Clay County, Independence/Blue Springs, Jackson County, and Cass County. MARRS provides interoperable communications with Johnson County, KS and a number of state and federal users. The MARRS system currently encompasses 33,000 users.

Communications Support provides installation and repair of all mobile radio and repeater equipment used by the City. The unit provides technical support and training to users as required, installs, services, and repairs camera systems, sirens and emergency lighting, radar systems, mobile data terminals, vehicular data networks, alarms, and GPS systems.

## Activity: Communications Unit 1250

The Communications Unit is the primary public safety answering point (PSAP) for 9-1-1 calls placed within the geographical boundaries of the City of Kansas City, MO and the Village of Claycomo, MO. All 9-1-1 calls within those boundaries, from landlines and cellular devices, are received by the Communication Unit. They include calls intended for the Kansas City Fire Department and the Claycomo Fire Department which is transferred to their communications facilities as needed. Communications Unit members also process calls placed to the non-
emergency lines as well as administrative calls received via the department switchboard. The Communications Unit dispatches calls for the City of Kansas City Animal Health department and receives calls for the unit directly when the city Action Center is closed. The Communications Unit also dispatches for the Burlington Northern Railroad officers.

Members assigned to the Communications Unit use a computer aided dispatch (CAD) system that is funded by the City. Those members assigned as dispatchers receive calls for service from those assigned as call-takers via the CAD system and dispatch appropriately. The CAD system is used to manage the calls for service, self-initiated, and administrative activity from officers in the field.

# DEPARTMENT OF POLICE PROFESSIONAL DEVELOPMENT \& RESEARCH ACTIVITY DESCRIPTION 

## Program: Professional Development \& Research Bureau 1440

The Professional Development and Research Bureau is comprised of two Divisions: Training Division and Research and Development Division. The Training Division provides basic law enforcement training for new recruits and continuing education for internal members and external agencies that focuses on current best practices in law enforcement. The Youth Services Unit is included within the Training Division. This unit provides youth with life skills, sporting, and drug resistance education while being mentored by police officers. The Research and Development Division provides procedural and policy proposals, impartial research, and program evaluations.

## Sub-Program: Training Division 1480

Activity: $\quad$ Training Unit 1480
The Training Unit consists of: the Academic Section, the Physical Training and Defensive Tactics Section, the Professional Training Section, and the Firearms Training and Tactics Section.

## Academic Section 1480

The Academic Section provides POST (Peace Officers Standards and Training) for entrant officers of the Department and other regional law enforcement agencies utilizing classroom instruction, training videos, observed performances, and practical application exercises. The section also networks with many Department elements and other law enforcement agencies to identify future training needs and provide appropriate classes.

## Professional Training Section 1480

The Professional Training Section is responsible for meeting the advanced training needs of the Department and ensures all sworn members remain compliant with POST standards by maintaining 24 hours of POST certified training every calendar year. The section networks with Department elements as well as other law enforcement agencies to identify training needs and provides training through seminars and individual classes. The Professional Training Section also coordinates and conducts Sergeant, Civilian Supervisor, and Captain's schools. In addition to annual in-service training, PTS provides in-service training for Dispatchers/Call-Takers, Detention Facility Officers (DFO), Field Training Officers (FTO) and Sergeants/Civilian Supervisors. Driver's Training is part of the section and consists of Law Enforcement Drivers Training courses (LEDT) for recruits, KCPD department members, and outside local, state \& federal agencies. Leadership Training, Instructor Development (POST Instructor Certification) and leadership mentoring are also a big part of the Professional Training Section responsibilities.

## Firearms Training and Tactics Section 1480

The Firearms Training and Tactics Section is responsible for all firearms training, weapons repair, and maintenance for Department members. This includes annual day and night fire qualifications, yearly officer in-service, recruit training, and training to specialized units as well as providing weapons training and qualification to private security officer working within the City. The section also provides training and the use of the facility to local, regional, and federal agencies.

The Physical Training and Defensive Tactics Section is responsible for all defensive tactics and physical training programs for Department members. Training provided includes yearly officer and DFO in-service training, weekly recruit training, self-defense for non-sworn personnel, training modified to specialized units, Captain's School, Sergeants'/Supervisors' School, and a variety of catalogue courses. The section coordinates an annual 6-day International Reasonable Use of Force seminar hosted by KCPD. ## Activity: Youth Services Unit 1485

## Youth Programs Section 1485

The Youth Programs Section is funded by the General Fund and Police Drug Enforcement Fund. The mission of the section is to provide evidence-based prevention programs such as DARE (Drug Abuse Resistance Education) and GREAT (Gang Resistance Education and Training) to Kansas City students. These programs provide students with information and skills that permit them to make positive decisions and avoid negative influences, allowing them to focus on their strengths and potential. The section works to inspire good decision making and to prevent students from becoming involved in violent behavior, drug and alcohol use, and gang participation. Additionally, the section establishes positive relationships between students and law enforcement, teachers, parents, and other community leaders.

The prevention programs are taught in various public and non-public schools within the school districts of Kansas City, North Kansas City, Park Hill, Center, Hickman Mills, and Platte County. Approximately 5,000 students receive prevention programs and services each year.

## Police Athletic League Section 1485

Police Athletic League (PAL) Section personnel are responsible for providing activities for youth that offers them the opportunity to interact with police officers and create positive relationships. This is accomplished through designing programs and building key components in the areas of physical activity, homework assistance and academic enrichment, character development, and arts and cultural activities.

The Police Athletic League of Kansas City is a crime prevention program that provides a safe and supervised environment for youths ages 8-18 to come and participate in a wide range of activities. The program offers youth the opportunity to interact with police officers and create positive relationships by participating in educational, cultural, character development, and sports programs. All programs and activities are designed to instill values of integrity, responsibility, self-motivation and teamwork; with the result of improving the quality of life for at-risk youth and reducing juvenile crime and victimization throughout the entire City.

A separate 501(c)(3) corporation supports the PAL program by providing for facility and other operational needs.

## Sub-Program: Research and Development Division 1495

Activity: $\quad$ Research and Development Unit 1495
The Research and Development Division is comprised of two sections; the Policies and Procedures Section and the Research Section. The division provides impartial research,
program evaluations, policy, and procedural proposals, allowing for informed decisions based on factual data that has been gathered and presented. The information needed to evaluate the efficiency and effectiveness of the Department in accomplishing its mission is given to the Chief of Police and Executive Command. Research and Development Division members are responsible for presenting completed policies and procedures and projects to the Board of Police Commissioners for consideration.

## Policies and Procedures Section 1495

The Policies and Procedures Section is responsible for formulating Department policies and procedures. Policy development is accomplished through the updating and revising of procedural instructions, personnel policies, Department memorandums, and all issued Department written directives through both an informal and formal review process.

## Research Section 1495

The Research Section analyzes problems, researches solutions, and makes recommendations to enable management to make effective and informed decisions. It also forecasts trends affecting Department operations and anticipates unique challenges to policing. Additionally, the section monitors ordinances, statutes, and federal laws relating to law enforcement to ascertain their impact on the Department. The section designs, produces, and controls Department forms, and creates illustrations for printed and visual presentations. The section assists the Policies and Procedures Section in updating/researching policies. Several members of the section serve as the Department liaison with the International Association of Law Enforcement Planners (IALEP), which builds relationships and expands the Department's information sources. The section compiles racial profiling data, generates and submits its report directly to the Missouri Attorney General. The section is also the administrator of the Policy Acknowledgement System. The section serves as a conduit for other Department elements to obtain research or survey information from other agencies.

## DEPARTMENT OF POLICE PATROL ACTIVITY DESCRIPTION

## Program: Patrol Bureau 2510

The Patrol Bureau is comprised of nine divisions: the KCI Airport Operations Division, six geographically based patrol divisions, the Traffic Division, and the Special Operations Division. Bureau resources are directed toward uniformed patrol functions, the most critical of which is the response to 9-1-1 emergency calls for service. The Bureau also provides for tactical response to critical incidents, traffic enforcement and control, and directed patrol activities.

By combining traditional policing methods with community oriented policing strategies, the members of the Patrol Bureau are committed to forming partnerships with the community to solve problems and enhance the quality of life in Kansas City neighborhoods.

## Activity: Detention Services Unit 2589

The Detention Services Unit is responsible for the coordination of detention operations between the Police Department, the Jackson County Detention Center and the Municipal Court. Detention Services provides a 24 hour presence within the Jackson County Detention Center through the Population Control Coordinator. Individual patrol divisions provide temporary detention of individuals arrested for violations of City ordinances, state, and federal statute violations.

## Sub-Program: KCI Airport Operations Division 2511 <br> Activities: Division Office, Airport Operations

The Airport Operations Division encompasses an area of approximately 10,680 acres in the area of Kansas City International Airport (MCI), as well as roughly 695 acres in the area of the Charles B. Wheeler Airport (MKC). Kansas City International is bordered roughly by the Platte City, MO/Interstate 29 on the north; Barry Road / 152 Highway on the south; and from Interstate 29 on the east to Interstate 435 on the west. Charles B Wheeler is bordered roughly by the Missouri River on the west and south, with U.S. 169 being the east and north border.

The Airport Operations Division interacts with a racially, ethnically and economically diverse ever-changing community reaching over 11,000,000 travelers annually. In addition to both airports which include passenger (private and public), commercial, and cargo flights, other areas of interest within the Airport Operations Division include the Historic TWA Overhaul Base, the Airline History Museum at the Charles B. Wheeler Airport which sees roughly 12,000 visitors annually, numerous hotels, car rental facilities, and numerous retail shops. All of which are located on Airport Property or inside the terminals. Between the two locations the Airport Operations Division has a diverse business community as well, including small family businesses to large enterprises such as the U. S. Post Office, Fed Ex, and UPS. It also includes light and heavy industrial areas.

The Airport Operations Division is host to one major city park, Tiffany Springs Park that encompasses roughly 73 acres of land. Division personnel have developed a close working relationship with many organizations such as the ATF, FBI, TSA, Homeland Security, Airlines, and more. All of these partnerships lead to forming a safer environment for the citizens and visitors of Kansas City.

The tremendous growth of the northland area, along with the easy access to Interstates 29, 152 and 435 has contributed to traffic and crime related problems. However, innovative community oriented policing tactics have been successful in maintaining a high quality of police
services. Fostering a positive interaction between the community and the Police Department is the responsibility of every Airport Operations Division member.

## Sub-Program: Central Patrol Division

Activities: Division Office, Central Patrol 2520
Central Patrol Division (CPD) encompasses about 15.4 square miles and has a permanent population of nearly 62,000 residents. This population increases to approximately 100,000 to 120,000 each weekday due to numerous businesses and places of interest located within the division's boundaries. CPD is bounded by the Missouri river on the north, 47th Street/Ward Parkway on the south, State Line on the west, and Wabash on the east.

There are thirty-seven neighborhood groups, twenty business associations, and four community improvement districts in Central Patrol. There is an abundance of retail and entertainment venues in Central Patrol, including:

- The Country Club Plaza
- Crossroads Art District
- Crown Center
- Kauffman Center for the Performing Arts
- Power \& Light District
- River Market
- Sprint Center/College Basketball Experience
- Westport

Other points of interest include:

- Bartle Hall
- Municipal Auditorium
- Hy-Vee Arena/American Royal Complex
- Liberty Memorial/National World War I Museum
- Nelson Art Museum
- Union Station

CPD officers have established solid relationships with its citizens and neighborhood groups. Members of various ranks attend community meetings each month to deliver crime updates and receive information about crime in the community. CPD has two full-time Community Interaction Officers (CIO's) that work primarily days and evening hours. CIO's offer Block Watch Training, safety presentations, and security surveys for residents and business owners to educate them about crime prevention and ultimately establish a sense of empowerment and confidence to protect themselves and their property.

There are numerous problem-solving partnerships in place at CPD to address a variety of crime and disorder issues. For example, the Downtown Community Task Force is a group of social service agencies, faith-based organizations, the Mayor's office, mental health providers, and area businesses to deal with the division's homeless population. Another example is the Gateway Crimes Task Force designed to stabilize and improve the City's neighborhoods by addressing activities that are considered gateways to greater criminal involvement. The Task Force is comprised of representatives from law enforcement agencies (including members of CPD), the court system, school districts, neighborhood leaders, social service agencies, City Council members, and City staff.

In addition, CPD has partnered with the Central Industrial District and the West Bottoms Business Association (CIDA/West Bottoms Initiative) since 2008 to address and reduce crime and disorder. Since starting this initiative, all categories of crime have experienced a reduction.

Utilizing the City's Municipal Court's Metropolitan Community Service Program (MCSP), the division has removed over 126,600 pounds of trash and illegally dumped materials, 2,198 tires, and covered/removed over 200 pieces of graffiti.

Although the majority of CPD's sworn police officers work in patrol sectors (i.e., 911 response) the division also contains the following specialized units:

- Community Policing Action Team (CAT) Officers - These officers are assigned to work within a designated sector within the division at a Community Action Network (CAN) Centers within the division's boundaries. Two police officers and a Project Neighborhood "Mobilizer" staff the CAN Center. The Mobilizer is a non-police citizen who is educated to provide community-related referrals and other resources. The CAN officers are involved in traditional police work and also serve as first-line partners that link the community and CPD. Central Patrol Division's CAN Center is located on the Westside of the division and serves a very diverse community.
- Crime-Free Multi-Housing Officers - These officers act as a liaison between the Department and the management and owners of residential rental properties. The officers respond to problems with rental properties brought to light by other patrol officers, citizens, and neighborhood groups. The officers also offer a three-phase program to both owners and management to become certified in the Crime-Free MultiHousing program.
- Downtown Foot Beat/Bicycle Squad - These officers handle calls for service within the downtown loop, including at downtown businesses and convention centers/arenas, during the day and evening hours, as well as other proactive projects. These units are often called upon to assist with the safe handling of rallies, protests and special events that occur within the downtown area.

Beyond sworn personnel, CPD has a full-time dedicated crime analyst who reviews and analyzes crime and calls for service data. In addition to duties for CPD's members, the analyst also creates a Daily Crime Report made available to the public. This Daily Crime Report is reviewed by approximately 15,000 citizens each day, providing CPD a means to effectively communicate and partner with the community to address and prevent crime. The Kansas City, Missouri Police Department has also partnered with the city to make these reports available through www.crimereports.com.

CPD has a station social worker who positively impacts community relationships with law enforcement by creating a foundation of trust and transparency while helping uplift citizens in the City's most challenged communities. The social worker focuses exclusively on providing community outreach, support, and social service referrals. The social worker is a resource CPD officers use on a consistent basis and the position has been well-received by the community.

Metro Patrol officers are also heavily involved in community policing and work with citizens, neighborhood leaders, and various agencies to solve crime and quality of life issues within the Metro Patrol Division. Through a variety of approaches, members and the community are exposed to community oriented problem solving techniques with the ultimate goal being to provide police service in consultation and collaboration with the community whenever possible. Partnerships with neighborhoods, governmental agencies, schools, and businesses continue to grow and evolve with community incentives such as the Community Police Action Cooperative (CPAC) that have played a large part in improving the quality of life of many people who live and work in south central Kansas City.

East Patrol Division is comprised of single-family homes, apartment complexes, and multi-family structures. Located within East Patrol Division is the Historic Northeast area. The tremendous growth of this area, along with the easy access to Interstates 70 and 435, has contributed to traffic and crime related problems within East Patrol Division. However, innovative community oriented policing tactics have been successful in maintaining high quality of police service for not only this area, but for all areas within the division. Dedicated division personnel have cultivated close working relationships with many neighborhood groups and community organizations throughout the division. Approximately 120 groups and organizations work together with East Patrol Division officers to deter crime and assist in maintaining a high quality of life. These organized groups are continuing to form, both in the more established neighborhoods and the newly developing areas.

The Kansas City Missouri Police Department's primary duty is to protect life and property of the people they serve. In addition to responding to 9-1-1 calls for service, East Patrol Division works with the community to develop and implement crime prevention/reduction strategies. East Patrol Division is dedicated to intelligence-led policing and the focused deterrence model of crime prevention and enforcement. Crime information is shared during weekly meetings to identify criminals and to direct our efforts where criminal activity is occurring or is likely to occur. Patrol field personnel play an active role in reducing crime and improving quality of life for the
city's residents and visitors. East Patrol Division works with the community to reduce fear and disorder to enhance the overall feeling of safety and security with neighborhoods throughout the division. These duties are accomplished through proactive patrol, problem solving efforts, the arrest of offenders, and the enforcement of traffic ordinances.

In addition to assigned field personnel, division support personnel including both sworn members and civilian members fill important roles within East Patrol Division. Division Community Interaction Officers (CIOs) play a vital role in bringing police and the community together by attending neighborhood association meetings, events, conducting business and residential security surveys, putting on intruder response classes in the schools and churches, and teaching women's safety classes.

East Patrol Division's assigned social worker provides services in areas where law enforcement cannot. In addition to responding to calls for service, community policing is an integral function of this division. Division personnel work closely with community leaders, neighborhood associations, and businesses to identify and solve problems. Interaction with over 100
neighborhood associations and literally hundreds of block watch programs has been the key to reducing crime and improving the quality of life for residents.

South Patrol Division community policing efforts address a host of quality of life issues while reducing crime. The entire division (CIOs, maintenance, clerks, division secretary, detention officers, police officers, sergeants, and commanders) are responsible for community events held on the South Patrol Division campus. Previous successful events include the SPD Health-Wellness \& Public Safety Fair, SPD Ex-Offender Hiring Fair, and the SPD Summer Movie Series, to name a few.

The IMPACT policing squad is a valuable tool for the division. The squad focuses on risk based policing and problem solving by working proactively to identify and solve problems using community input and crime analysis to select targets for action. The squad uses surveillance, ATV's, bicycle patrol, and targeted self-initiated activity to pursue goals. Officers also work closely with other agencies and communities to solve common problems.

South Patrol Division strives to provide excellent customer service, proactively identify crime patterns, and develop fast, efficient plans to address crime. Our partnership with the community provides a platform to reduce crime and disorder while improving the quality of life of our residents.

## Sub-Program: North Patrol Division <br> Activities: Division Office, North Patrol 2560

North Patrol Division is responsible for providing public safety services to citizens living, working, and visiting north of the river. Geographically, North Patrol Division covers about 85 square miles, which is $27 \%$ of the landmass within Kansas City's corporate limits. Division boundaries are roughly M92 highway to the north, North Oak to the east, Missouri River to the south, and the City limits to the west.

North Patrol Division includes both of the City's airports. KCI is located at I-29 and 291 Highway, and handles in excess of $7,000,000$ passengers each year. The other is Charles Wheeler Downtown Airport. The division is home to seven large shopping, entertainment, and dining destinations: Tiffany Springs Market Center, The Shops at Boardwalk, Barrywoods/AMC, The Village at Burlington Creek, Briarcliff Village, Zona Rosa, and Creekwood Commons.

North Patrol Division is currently one of the fastest growing areas in the City. Population is currently estimated at 80,000. Business, residential, and entertainment developments are growing rapidly along the I-29 corridor from 64th Street north to KCI. This growth should continue with the anticipated progress of The Twin Creeks Development area. Innovative community oriented policing tactics have been successful in maintaining a high quality of police service. Division personnel have initiated a close working relationship with many community organizations.

Northland Neighborhoods Inc., The Northland Regional Chamber of Commerce, The Clay County Economic Council, The Platte County Economic Council and the Northland Community Alliance have been highly successful in developing partnerships and linking neighborhoods, businesses, City, and police services together. Approximately 168 neighborhood groups work with North Patrol Division officers to deter crime and assist in maintaining a high quality of life. Neighborhood groups include organized block watches, neighborhood associations, and home associations. These organized groups are continuing to form both in the more established neighborhoods and newly developing areas.

Numerous City and county parks, including the Hodge Park Complex, Pleasant Valley Complex, and the Western Missouri Soccer Complex are located within the division. Shoal Creek Patrol Division also has several key points of interest for tourism such as Worlds of Fun, Oceans of Fun, and Ameristar Casino that attract more than 1.5 million visitors annually. The Hunt Midwest subtropolis, the world's largest underground storage facility, is also located in the Shoal Creek Patrol Division. The I-35 and Highway 152 corridors contain one of the largest retail and dining areas in the northland.

The growth of the northland area has caused corresponding traffic congestion and crime related problems. An example of this is at I-35 and Highway 152 which includes retail development, restaurants, and residential expansion into the surrounding area. These challenges have required both traditional and innovative community oriented policing tactics by officers assigned to the Shoal Creek Patrol Division. The Impact Squad works proactively with different elements to locate and suppress criminal activity within the division.

Special programs, such as the Metropolitan Community Service Program (MCSP) have enabled Shoal Creek officers to partner with the community in cleaning neighborhoods in the northland. Crime Free Multi-Housing officers has provided an important problem-solving tool in working with multi-family dwellings and low income housing, where problems have existed for many years. Although not dedicated full time, Shoal Creek Patrol Division has two ATV's assigned to the Impact Squad which can be staffed by trained officers as dictated by any specific need that arises. Through a close cooperative relationship with Kansas City Parks and Recreation, the division has the ability to respond with ATV's to concerns or criminal activity at parks or rural areas within division boundaries.

Division personnel have initiated close working relationships with many community organizations. These groups include, but are not limited to: Clay County Economic Development Council, Northland Neighborhoods, Inc., Northland Community Alliance, Northland Chamber of Commerce, the Metropolitan Community Colleges, and both the North Kansas City and Liberty School Districts. Shoal Creek Patrol Division has four high schools within its boundaries: Oak Park, Winnetonka, St. Pius, and Staley.

These groups include organized block watches, and neighborhood and homes associations. With the assistance of division staff, organized groups are continuing to form both in established neighborhoods and developing areas.

The City makes its contribution directly to the Internal Revenue Service after each payroll.

## Program: Employee Benefits 1462

The Department contracts with insurance providers for benefits such as health, life, and disability, and provides a $\$ 6$ monthly benefit subsidy to members.

## POLICE DRUG ENFORCEMENT FUND

DRUG ABUSE RESISTANCE EDUCATION (D.A.R.E.)
JACKSON COUNTY DRUG TAX UNIT

# DEPARTMENT OF POLICE <br> POLICE DRUG ENFORCEMENT FUND ACTIVITY DESCRIPTION 

Residents of Jackson County, Missouri approved a $1 / 4$ cent sales tax to fight illicit drug use and provide education and treatment. The Community Backed Anti-drug Tax (COMBAT) provides prevention and treatment funding to the Department as described below.

## Program: Professional Development \& Research Bureau

Activity: DARE Jackson County 2646 \& 2648
COMBAT provides funding for two positions, training, and supplies needed for the Drug Abuse Resistance Education (DARE) program. The officers interact primarily with fifth grade students in three metropolitan school districts within the City year round, providing positive role modeling and influences, as well as teaching prevention programs. Modified lessons are given to the K-4 students.

## Program: Investigations Bureau

Activity: Jackson County Drug Tax Unit 2652 \& 2654
COMBAT funds the Jackson County Drug Tax Unit, which consists of additional undercover, supervisory, and civilian support personnel assigned to the Drug Enforcement Unit and the Street Crimes Unit. Members supplement duties of others assigned to the Narcotics \& Vice Division. The Drug Enforcement Unit investigates mid and upper level drug dealers, while the Street Crimes Unit investigates street level (retail) drug dealers and provides tactical enforcement for narcotics investigations. Both units present cases in the federal and state criminal justice systems. In addition, two civilian Chemists funded by COMBAT are assigned to the Department's Regional Criminalistics Lab to help handle the increased workload involving drug evidence generated by stepped up enforcement.

## Activity: $\quad$ Parking Garage Fund 216

The City established this fund to reimburse the Department for enforcement of parking ordinances in the downtown corridor.

## Activity: Public Safety Sales Tax (PSST) Fund 232

Voters approved an extension of the $1 / 4$ cent sales tax to fund public safety capital improvements on November 2, 2010. Police's share of the total annual amount generated from the tax is reflected in this Fund, most of which is used to supplement appropriations in the amount of $\$ 2$ million formerly provided by the General Fund.

## Activity: Health Levy Fund 233

The City established this fund to account for property tax receipts and expenditures related to health care for the city, to include providing health care funding for the indigent.

Activity: Byrne JAG Grant Fund 241
Accounts for grant funding passed through to the Department from the City.

## Activity: Equipment Lease Capital Acquisition Fund 323

The City established this fund to account for patrol in-vehicle digital recording system and related software that were acquired through a capital lease.

## Activity: 2013B Special Obligation Bond Fund 3431

The City established this continuing fund for appropriations derived from Special Obligation Bonds issued to equip facilities authorized by PSST renewal. As a continuing fund, unused appropriations are available in subsequent years until fully expended.

## Activity: 2016A Tax Exempt Bond Fund 3433

The City established this continuing fund for appropriations derived from Special Obligation Bonds issued to equip facilities authorized by PSST renewal. As a continuing fund, unused appropriations are available in subsequent years until fully expended.

Activity: Police Workers' Compensation (WC) Fund 1011
The Department retains the risk for workers' compensation claims. The activities in this Fund are supported by a transfer from the General Fund, making the Police WC Fund a subsidiary account to the General Fund. The Police WC Fund is not included as part of total budgeted appropriations since these have already been included in the General Fund. This Fund serves to record individual workers' compensation costs as an off-budget internal service. Costs, if any, in excess of this amount will be recorded in the Department's General Fund. General Fund transfers in excess of workers' compensation costs are held at the City for the future benefit of the Department.

## DEPARTMENT OF POLICE SPECIAL REVENUE FUNDS ACTIVITY DESCRIPTION

Special Revenue Funds account for revenues earmarked for specific purposes and/or are restricted by law or administrative action. The Department uses the following Special Revenue Funds to supplement General Fund appropriations.

## Activity: Special Services Fund - 5110

This Fund is used to account for revenues derived from a variety of sources such as the sale of police reports, criminal history record checks, fingerprint services, private security officer licenses, alarm fees, academy fees paid by other policing jurisdictions, miscellaneous restitution via the court system, crime lab fees, vehicle disposals, accident claims, traffic escorts for parades, and interest income.

Expenditures pay for costs associated with collecting revenue including licensing of private security officers and private alarm users; police report reproduction; traffic escorts; vehicle purchases; training, education, and related travel; and tuition reimbursements to employees.

Activity: $\quad$ Federal Seizure and Forfeiture Fund - 5150
This Fund is used to account for revenue pursuant to the equitable sharing of seized and forfeiture cash and property from joint drug enforcement investigations with the federal government. The expenditure of funds is restricted by federal guidelines published by the U.S. Department of Justice and Department of the Treasury. This Fund is the primary source for cash matches related to federal grants and maintenance of the data backbone systems of the Department's internal network.

## Activity: DARE Donations Fund - 6140

This Fund is used to account for donations from COMBAT and private and public entities and individuals. The donations are used to enhance drug abuse resistance education (DARE) programs given by the Department to schoolchildren and provide awards to the participants upon completion of the classes. This Fund supports the operations of the Department's DARE program reflected as organizations 2646 and 2648 in the Police Drug Enforcement Fund 234. The City provides appropriations in the General Fund to pay for additional officers assigned to DARE.

## Activity: $\quad$ Grants Fund - 7100

The Department's policy is to establish revenue accounts in this Fund to receive grant revenue. An offsetting contractual obligation equal to the grant revenue plus grant matches furnished by other Treasurer's Account funds is also established in order to reimburse the City in arrears for grant appropriations in the General Fund and Police Grants Fund.

Under Guide to Equitable Sharing for State and Local Law Enforcement Agencies Sec. VIII (A)(3)(c) dealing with uses, it states "Anticipated shared property should not be budgeted - Agencies should not 'spend it before you get it' or budget anticipated receipts...". The Treasurer's Account budget does outline a budget for desired programs. The desired program budget does not violate the intent of the guidelines since the Board of Police Commissioners will not allow any commitments until such time as sufficient federal forfeited funds are available for each commitment.

# LIABILITY SELF-RETENTION SUBSIDIARY ACCOUNT FUND 6110 

REVENUES, EXPENDITURES, AND CHANGE IN FUND BALANCE

# DEPARTMENT OF POLICE <br> LIABILITY SELF-RETENTION GENERAL FUND SUBSIDIARY ACCOUNT ACTIVITY DESCRIPTION 

The Department uses a Liability Self-Retention Subsidiary Account to retain exposure to potential liability and torts related to vehicular accidents, slip and fall claims, and other liability claims. This program was instituted during fiscal year 1991-92 when bids for this coverage came in at over $\$ 1$ million. In response, the City and Department agreed to establish a fund that would allow the Department to decrease its overall costs. Funding is provided mainly by transfers from the General Fund.

Section 105.726, RSMo, requires the State of Missouri to fund the first $\$ 1.0$ million of the Department's annual liability costs, with the Department responsible for $100 \%$ of anything over this amount.

General Fund transfers in excess of annual risk management expenses are retained by the Department to offset future costs should claims exceed amounts provided by the General Fund and/or covered by the State of Missouri. In the event all amounts are exhausted, the City acts as a backstop for risk management costs.
